SHANGHAI RAIDS BY CHIANG'S MEN LEAD TO FIGHTS

One Hundred Chinese Killed in Clashes Growing Out of Operations Directed by Cantonese Commander to Clear Out Red Labor Unions; Pickets of General Labor Union Repulsed When They Attacked the Headquarters of Nationalist Troops

Shanghai, April 13.—One hundred Chinese were killed and 250 wounded in fighting resulting from further raids in the native suburbs of Shanghai this afternoon by General Chiang Kai-Shek's troops engaged in routing out the Reds.

The casualties were mostly among the Communist supporters. The shooting was plainly heard in the International Settlement, causing considerable excitement.

The general strike, called by the Red Labor Unions as a protest against the raids which began yesterday, has rendered nearly 100,000 workers idle and delayed a number of Chinese-owned steamers.

General Pai Tsung-chi, commander of the Cantonese troops in the Shanghai section, issued an official proclamation to-night dissolving the General Labor Union.

Twenty killed.

Shanghai, April 13.—Twenty pickets of the Shanghai General Labor Union were killed this morning when they attacked the headquarters of General Chiang Kai-Shek's Cantonese troops in the Chapel district, north of the International Settlement.

The attackers apparently were angered by yesterday's raids on the Red labor unions, ordered by Chiang.

The attack followed a procession through the district. The troops fired on the labor men, repulsing them.

Fifty thousand men have quit work in protest against Chiang's armed raids on the Red labor unions.

DISORDERS REPORTED

While the strike is not aimed at the foreigners, as was the case with the last general cessation of work, it led to disorders and attacks in two instances on the defence barriers of the International Settlement.

Early this morning a group of Chinese tried to rush the barriers of the International Settlement and a clash followed with the Italian guards at the Irga Road. The Italians fired over the heads of the Chinese and they retired.

ATTEMPT FAILED

Last night a small mob made a sally to storm a barrier, but it was soon repulsed by the Italian guards.

The Chinese then set fire to circulars which they had thrown into the barred wire barrier and several posts were burned.

The Shanghai strike was only partly effective to-day in the International Settlement. The tramways were running on restricted schedules. The workers had gone out in some taxis and motor cars, but the rickshaw and bus services were normal.

The Seamen's Union, affiliated with the striking unions, distributed a circular urging the Chinese to consider the conditions under which the workers were struggling and charging the moderate Cantonese with playing into the hands of the foreigners.

SHOTS EXCHANGED

Shanghai, April 13.—The British gunboat Woodcock, proceeding down the Yangtze River from Hankow, was fired on by the Chinese, presumably Nationalists. The Woodcock replied with machine guns and six-pounders. There were no casualties.

Nationalists are reported to have occupied the offices of British and United States tobacco companies at Wuhu, about fifty miles up the Yangtze from Nanking.

CRUISER SENT

The British cruiser Carlisle left Shanghai for Weihaiwei in Shanghai, because trouble is expected there through the activities of bandits. No details of the situation on the Shantung peninsula have been received.

Hongkong reports small groups of missionaries are arriving daily from the Canton district, taking refuge at Kowloon, outside Hongkong. It is not believed, however, that an outbreak is pending at Canton.

U.S. OFFICIAL KILLED IN AEROPLANE CRASH

Washington, April 13.—Homer R. Sands, administrative assistant in the United States Commerce Department's air service section, was killed and John L. Bosch, an aeronautical engineer of the department, was seriously injured when their aeroplane crashed here to-day at Bolling Field.

\$3,500 AWARDED TO ACTRESS BY COURT

Toronto, April 13.—Mrs. Ena Budd, an actress, yesterday was awarded in the non-jury assize court here \$3,500 damages against the Eastern Theatre for injuries she received when she tripped on the stairway of the Pantages Theatre here on April 23 of last year.

THIRTY-TWO WERE KILLED BY TORNADO

Fort Worth, Texas, April 13.—Thirty-two persons were killed at Sheffield, Pecos County, Texas, last night when a tornado struck the town, said a dispatch to The Fort Worth Star-Telegram from its correspondent at McCamey, received here to-day.

LAND INQUIRY TO START SOON; B.C. PREPARES ITS CASE

Mr. Justice Martin Prepares to Come Here in Last Half of May

"We Rely on Simple Equity," Says Premier, Arranging Claim Statement

Informed that Mr. Justice Martin of the Saskatchewan Supreme Court will commence in the latter part of May his investigation of British Columbia's claim for the return of railway grant lands in this Province to Provincial control, Premier Oliver commenced to-day to prepare his Government's case.

The written views of the Government, prepared by the Premier, will be laid before the investigating commissioner in the near future.

In this way counsel for the Dominion Government will know well before the investigation starts just what British Columbia is claiming and on what basis to prepare argument on these points.

EARLY START PLANNED

The commissioner told Mr. Oliver to-day that he would be ready to start his inquiry in the latter part of May or towards the end of June. The Premier announced that he was ready to lay the British Columbia case before the investigator at the earlier date and this plan, it is understood, will be adopted.

At least one sitting of the commission will be held in Victoria, it is expected, as all old records dealing with the land grants are available in the Provincial Archives here. It is anticipated other sittings will be held in Ottawa, where the Parliamentary Library is readily accessible.

INSURANCE COMPANY BILL IS AMENDED

Ottawa, April 13.—When the bill defining the increased capitalization of the Sun Life Assurance Company of Canada came before the Commons for third reading this afternoon, H. E. Spencer, U.F.A., Battle River, proposed an amendment coupled with a motion to refer the bill back to committee. The amendment would provide that after the issue of any capital in excess of \$2,000,000, no dividend to the shareholders should be declared by the company in excess of fifteen per cent per annum. The House immediately voted on the motion.

The amendment was carried 91 to 65. With six exceptions all the Liberals voted for the amendment, as did the Independents and Progressives. The Conservatives voted solely against it.

The House then went into committee of the whole to insert this amendment in the Sun Life bill.

CANTONESE FORCES LOSE CHINKIANG

Shanghai, April 13.—The Cantonese troops apparently are evacuating Chinkiang, on the Yangtze River, forty-five miles northeast of Nanking, have left Chinkiang and the Cantonese flag has been hauled down from the customs house.

Further east in the Yangtze Valley, General Sun Chuan-fang, original defender of Shanghai, has assembled his troops in a drive on the Grand Canal, reaching a point opposite Chinkiang.

Withdraw From That City on Yangtze as Northern Chinese Advance

Shanghai, April 13.—The Cantonese troops apparently are evacuating Chinkiang, on the Yangtze River, forty-five miles northeast of Nanking, have left Chinkiang and the Cantonese flag has been hauled down from the customs house.

Further east in the Yangtze Valley, General Sun Chuan-fang, original defender of Shanghai, has assembled his troops in a drive on the Grand Canal, reaching a point opposite Chinkiang.

ON SOUTH BANK

Northern troops of the Tenth Division crossed the Yangtze River to the south bank and landed at Hsiao-huku, near Kiangyin. Official advisers say General Chang Chung-li, whose Cantonese troops were defeated by the Northerners, has fled toward Shanghai.

The feeling is general here that the Northerners elected to stake their drive on the eve of the meeting of the Kuomintang (Cantonese) summoned at Nanking, thus hoping to split the Cantonese movement geographically as well as politically.

PLANS UNKNOWN

The fall of Pukow to the Northern armies means that at the present time there are no Cantonese or Nationalist forces north of the Yangtze between Nanking and the mouth of the river.

SIXTY-TWO IN TOWN IN TEXAS KILLED BY WIND

150 Injured When Tornado Wrecked Rock Springs, Say Reports

Of Those Suffering With Injuries, Twenty Are Expected to Die

Rock Springs, Texas, April 13.—A tornado that struck this inland town last night took a toll of at least sixty-two lives and injured about 150 persons. The twister was the most disastrous in the history of this section of the state.

Sixty-two bodies have been recovered from the ruins, thirty-three of which have been identified.

Of the injured, twenty are expected to die before night.

Most of the unidentified dead were Mexicans.

LITTLE WARNING

The storm came from the north-east with little or no warning, just after dark. It roared along a path two miles wide.

Few buildings were left standing as the tornado swept through the town. The town had been lashed into ruins in a few minutes.

Sardonic pranks were played by the twister.

A baby was hurled fifty feet through the air and landed safely, almost gently.

T. K. Newell, an automobile salesman, in the midst of the wind rushed into the splintering Valentine Hotel to save himself. He was killed and wounded after the hotel was in ruins.

BUILDINGS BURNED

Fire broke out and the post office and a restaurant, two of the shells still withstanding the wind, were burned.

After the tornado had passed, two women, neighbors for many years, lay side by side. One of the women, asked: "Are you sleeping well?"

"I'll be sleeping in a minute," was the answer.

She died with the last word, and her companion lapsed into unconsciousness.

MASSES OF WRECKAGE

San Antonio, Texas, April 13.—A mass of wrecked buildings to-day marked the site of Rock Springs, Texas, where at least sixty-two persons were reported killed and about 150 injured in a tornado that virtually wiped out the town last night.

A severe electrical storm which followed the tornado hampered rescue work, adding also to the sufferings of the injured.

Scores of volunteer rescue workers were en route to devastated areas this morning to work under the supervision of Red Cross representatives.

Fort Clark is expected to arrive to-day to take over police duties.

All telephone lines to Rock Springs were severed when the tornado struck last night. A lineman made a trip to the town and sent the first call for aid. First reports said the majority of the 500 residents were dead or missing.

Survivors then estimated the dead at more than 125. To-day sixty-two bodies had been recovered.

The telephone lineman soon erected a temporary station and Gladys Lowery, the town's telephone operator, worked through the severe electrical storm to get relief calls through to nearby towns.

Lightning forced Lowery from the line several times and prevented a detailed report.

She said the tornado had approached the town from the north-east and swept virtually everything before it as it cut a path about two miles wide. Only a half-dozen houses were left on foundations.

HOSPITALS NEEDED

Survivors were attempting to administer to the injured and to recover the dead, but were without a suitable building to administer first aid.

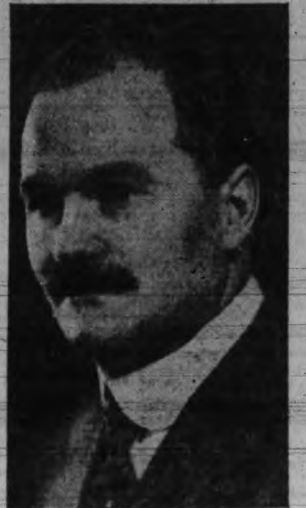

The commandant of Kelly Field here was considering sending an army plane to gain information to guide relief work, but it was doubtful if the ship could land because of flooded fields.

Rock Springs is 120 miles west of here, an inland town in the heart of a grazing district. The town stands on rocky domes, more than 2,000 feet above sea level. Many of the houses were of frame construction. About one-fourth of the residents are Mexicans.

STORM IN MISSISSIPPI

Booneville, Miss., April 13.—Houses were wrecked, trees uprooted and wire communication seriously impaired by a tornado that struck here yesterday, causing thousands of dollars of property damage. No serious injuries are reported.

TO HAVE REPORT PREPARED ON PEACE RIVER RAIL ROUTE

HON. C. A. DUNNING
Federal Minister of Railways

START SURVEYS OF NEW ROAD TO OPEN SAYWARD DISTRICT

Public Works Officials Also to Locate Site of Campbell River Bridge

Engineers of the Provincial Public Works Department will commence immediate surveys to find a satisfactory route for a road from Campbell River north into the Sayward district of Vancouver Island, it was announced to-day.

These surveys are in preparation for the opening up of the rich agricultural areas of the Sayward district, where settlement has been growing rapidly. The road will run north from Campbell River along the east coast of Vancouver Island.

To carry the bridge across Campbell River a large bridge will be necessary. Surveys to determine the exact location of the bridge, some where near Campbell River tower surveys will be carried out immediately. It is planned to commence construction of the bridge some time this year with a view to finishing it next year.

FIREWORKS MAY 24 AT BEACON HILL

A real old-time May 24 celebration, with fireworks at Beacon Hill and patriotic gatherings and sports throughout the day, will be proposed at a public gathering called for to-night at the City Hall at 8 o'clock by James Adam, chairman of the city entertainment committee.

The details of the plan have yet to be arranged, but the consent of the city school board will be sought to the participation of children in the central features of the celebration.

Beacon Hill will be the centre of the activities, as it was in the old days, with the festival closing at night with a shower of rockets and set pieces at the crown of the hill, it is suggested.

A draft of the arrangements, which have already secured the enthusiastic support of the I.O.E., is as follows, subject to any changes which may be necessary in the working out of the details.

SUGGESTED PROGRAMME

1. From 10 to 11.30 a.m.—Children's service at Beacon Hill Park, with the military in attendance, and followed by a band concert. The hill is suggested as the Parliament Building lawn is under reconstruction and not available at this time.

2. Afternoon, school sports at the Willows Fair grounds, from 2.30 to 5.30, with band in attendance.

3. Evening, Citizen's night, including swimming gala at Crystal Gardens, with special reduced admissions from 8 to 10 p.m., and dancing from 10 p.m. to midnight.

4. Evening, 8 o'clock, Community singing at Beacon Hill Park, followed by living pictures under the direction of the I.O.E. At 9.30, at Beacon Hill, fireworks, to include set pieces and rockets.

The parade has been eliminated from the plans, owing to the fact that the Diamond Jubilee Celebration this year will be featured by a mammoth parade, and the possibility of staging two successful street parades in the season is said to be meagre.

H. C. Black Died In Prince Rupert

Prince Rupert, April 13.—Henry C. Black, a land surveyor, died here yesterday after an attack of pneumonia. Prior to coming to Prince Rupert in the early days he resided at Nelson.

VICTORIA'S USE OF INDUSTRIAL POWER ADVANCING

Over 2,000 Additional Horsepower in Electricity Put to Work This Year

B.C.E.R. Exhibit at Products Fair Will be Outstanding Feature

Growing industrial enterprises in Victoria have absorbed 2,000 additional horsepower of electrical energy since the first of the year, S. J. Halls, manager of the light and power branch of the B.C.E.R. reports. Slightly over 1,000 of this additional use of power was taken up in extensions on the industrial reserve, the former site of the Songhees reservation.

RAPIDLY INCREASING

This brings the power in active use for commercial purposes in Victoria and district up to a total of 3,600 horsepower, a rapid growth which is maintaining a steady rate of acceleration from year to year. Something of the enormous power behind modern electric energy will be a feature of an unique display by the B.C.E.R. at the Home Products Exhibition, to be opened at the Armories on April 25.

In other years the B.C.E.R. has made a display of interest to the housekeeper in the multitude of uses to which light and power can be put. This year, however, the display will be a leading one of the industrial uses of electricity.

ABUNDANT SUPPLY

Victoria is favored with abundant power supply for expanding industries, and in a position to give rates for the commercial use of power that will compare favorably with other coast centres, particularly in the use of the heavier loads required by major industries for their operation.

Setting out the idea of unlimited power the B.C.E.R. display will feature the wheel of industry, with the power behind the wheel being the excellent facilities for power supply here.

Ships, electric saws, power factories, cement plants and machine shops, each replica models and illuminated will be shown in the setting which will be an impressive exhibition of use to which electricity is put in industry lanes to-day.

Liquor on Sale in Ontario May 16

Toronto, April 13.—While members of the Liquor Control Board are rejecting the report that it is learned they plan to place liquor on sale in Ontario under the government control system on Monday, May 16, by that time, it is said, the board will have at least thirty stores located throughout the province.

TWO-YEAR SENTENCE GIVEN FOR FORGERY

Vancouver, April 13.—Two years in the penitentiary at New Westminster was the sentence passed by Magistrate H. C. Shaw in police court here to-day, when dealing with Charlie Benson, arraigned on three charges of forgery.

Benson had pleaded guilty to forging the name of G. N. Peterson to three cheques. A warrant was issued here for his arrest, and he was picked up at Kamloops the next day.

EARL CARROLL NOW HOSPITAL PATIENT

Greenville, S.C., April 13.—Earl Carroll, New York theatrical producer, remained in a state of comatose this afternoon, several hours after he had been stricken with a sudden illness while en route by train to the federal penitentiary at Atlanta, Georgia, to serve a sentence of a year and a day. His condition was described as serious.

COLLAPSED ON TRAIN

Greenville, S.C., April 13.—Earl Carroll, New York theatrical producer, en route to the federal penitentiary at Atlanta, Georgia, to-day collapsed on the train shortly before reaching here and was removed to a Greenville hospital.

New York, April 13.—Earl Carroll, theatrical producer, was on his way in a prison car to-day to expire in the penitentiary at Atlanta, Ga., the crime of telling two federal grand jurors that he was innocent.

RUM SHIP SEIZED

Hoboken, N.J., April 13.—Two United States customs officers to-day captured the 1,500-ton freighter Fort Gaines at the Fletcher Drydock here, seizing 30,000 cases of Scotch whisky, Holland gin and champagne stored in the hold, valued at \$300,000.

Two members of the crew were caught, the rest escaping under cover of bullets from a six-chamber, .32-calibre mounted gun on the freighter's deck which raked the two small customs launches as they raced into the dock.

PEACE RIVER RAIL LINK ESTIMATED AT \$85,000,000

Dunning Tells Commons Western Outlet and Taking Over of Pacific Great Eastern and E.D. and B.C. Systems Would Cost Great Sum; Says Federal Government Not Prepared to Undertake the Task

Kennedy's Peace River Motion is Rejected by House

Ottawa, April 13.—Debate on the motion to confer in the railway committee's report on a railway outlet for the Peace River district was concluded in the House of Commons this afternoon after William Irvine, U.F.A., Wetaskiwin, Alberta, has supported an amendment proposed by D. M. Kennedy, U.F.A., Peace River, Alberta. The House divided on Mr. Kennedy's amendment, which would have referred the report back to the committee for rehearing.

The amendment was defeated, the vote standing 77 yeas and 107 nays.

The government supporters voted against the amendment, while the opposition, including Mr. D. M. Kennedy, U.F.A., Peace River, Alberta, and the Progressive, Labor and U.F.A. members, voted for the amendment.

THIRTY-SIX DEATHS AT GANGES CEREMONY

Many Were Injured During Rush of Hindus Into Waters of Sacred River

Hardwar, United Provinces, India, April 13.—Thirty-six pilgrims were crushed to death and many injured during a rush to the first of the Holy Ganges River, as part of the Kumbha Mela, or Hindu religious bathing ceremony.

The ceremony, which had been going on since the first of March, reached its final stage last night, when vast numbers of pilgrims entered the waters of the sacred river.

In the rush, which occurred at wooden barricades erected along the river, twenty-one women and fifteen men were killed. Many others were taken to the hospitals suffering from serious injuries.

The Kumbha Mela is a feast of peculiar sanctity, which is held every twelfth year. The pilgrims attending the ceremony have numbered as many as 400,000. In early days riots occurred at these ceremonies and outbreaks of cholera were attributed to them.

COMMONS HASTENS PROROGATION HOUR

Federal Members Speed Work in Order to Leave Ottawa For Homes

Ottawa, April 13.—The House of Commons opened its proceedings in lively fashion this morning. Fifteen minutes after the opening the House divided on a motion by C. H. Cahan, Conservative, Montreal, Lawrence-St. George, to suspend the rules of the chamber and consider private bills at 3 o'clock this afternoon.

The motion was carried 123 to 24. All the Conservatives and Liberals, with the exception of seven, including Hon. W. R. Motherwell, Minister of Agriculture, and Hon. C. A. Dunning, Minister of Railways, voted for the motion. Members of the U. F. A., Progressives and Labor groups, in addition to four Liberal-Progressives and A. W. Neill, Independent, Comox-Alberni, voted against it.

MOTION IN ORDER

Mr. Cahan, who is sponsoring the Sun Life Assurance Bill, now standing for third reading, urged his motion be accepted.

J. S. Woodsworth, Labor, Winnipeg North Centre asked the Speaker for a ruling as to whether the motion was in order.

Speaker Lemieux ruled a motion to suspend the rules of the House was always in order.

Several members arose in opposition to the motion as soon as it had been read by the Speaker and the members were thereupon summoned for a vote.

WORK SPEEDED UP

Ottawa, April 13.—The House of Commons this forenoon resumed its drive to prorogue before Easter, re-assembling at 11 a.m. after its adjournment at 3.30 a.m. to-day.

Each day for several sittings an extensive debate has broken out to put the brakes on the speed with which the Commons would otherwise move. Yesterday it was the Alberta coal question.

COUNTRESS SALM GIVEN DIVORCE

Paris, April 13.—The former Mili-cent Rogers has been awarded an absolute divorce from Count Salm, giving her custody of their child.

REPORT ON ROUTE

The Federal Government was prepared to ask the Canadian National Railway to determine as early as possible which pass should be used, that the information might be available when it was decided to construct an outlet to the Pacific Coast.

Mr. Dunning's statement came shortly before the House adjourned and with the Pacific Coast outlet still under discussion. The debate came on a motion to adopt the report of the committee on railways on the Peace River outlet. An amendment by D. M. Kennedy, U.F.A., Peace River, Alberta, would refer the report back for amendment.

STEWART'S OPINION

Hon. Charles Stewart, Minister of the Interior, was of the opinion that the Peace River Pass was the only outlet which would acceptably serve the whole country. As far as he was concerned, he was willing to support an immediate survey with a view to action at the next session.

In regard to the amendment, he proposed to stand by the report of the committee.

J. A. Fraser, Conservative, Carleton Place, declared the Peace River country was not asking anything unreasonable. He was willing to support the large agricultural areas in the Peace River country.

DATA NEEDED

Dr. Young, Liberal, Saskatoon, chairman of the committee, which has a motion to adopt the report of the committee on railways, generally agreed the great resources of the Peace River country deserved the consideration of the Dominion. He was willing to support sufficient data available to make it advisable to launch into a large scheme for a direct outlet to the Pacific coast.

He was willing to support an immediate investigation so Parliament could act as soon as all information had been gathered.

AMENDMENT MOVED

Ottawa, April 13.—Debate ensued in the House of Commons this morning when a motion to refer the report of the committee on railways, canals and telegraph lines respecting a rail outlet for the Peace River district was under consideration. An amendment was moved by D. M. Kennedy, U.F.A., Peace River, to refer the report back to the committee for amendment.

The report of the committee stated the construction of an outlet from the Peace River to the Pacific Coast had been found to be feasible from an engineering standpoint, that construction was in progress.

CHARGES AGAINST F. MARINO DISMISSED

Ottawa, April 13.—Charges of theft and retaining stolen property against Frank Marino were dismissed by Magistrate H. C. Shaw in police court here this morning. The theft charge arose when it was discovered a watch carried by Marino when he was sentenced by the court on a Narcotic Drug Act charge had been reported stolen in September of last year. Marino told the court the watch had been given him as security for a loan made to an employee last November. The stolen property charge was in connection with a bill of sale for an automobile.

FARMERS' UNION ON PRAIRIES FAST GAINING POWER

Winnipeg, April 13.—Tremendous economic pressure is being exerted through the West by the Farmers' Union. A bureau has been formed to investigate financial problems as they affect the farmer, and with special reference to the formation of a farmers' bank and a group insurance plan for those employed in agrarian pursuits.

Though less than ten years old, the Farmers' Union has become a very powerful organization. Last year it absorbed the Saskatchewan Grain Growers, which has been a strong political and agrarian factor for thirty years. The union functioned along more radical lines. It is admittedly political in purpose and conducted along the lines of a secret society.

There are 45,000 members in the Saskatchewan section and the activities of the organization extend throughout the Dominion, though chiefly influential on the prairies. At the annual meeting last month the question of no person in office that is not a producer of farm products for the farmer was the topic of lively discussion. We will delay action until we have a majority interest at the Federal capital.

From this last annual meeting the press was excluded. The organization unquestionably represents the dominant agrarian influence, economically and politically in Western Canada. It is claimed to be non-partisan in politics, but is pledged to place no person in office that is not a producer of farm products or is known to be sympathetic toward the reforms being urged for the farmer.

Western farmers just now are reaping considerable prosperity with excellent prospects for a wonderful year. With their increased spending power their class conscious campaign seems to be on the increase. They promise to be a determining factor in the approaching provincial election in Manitoba June 22. At present Manitoba and Alberta have farmer government, and in Saskatchewan the legislature is largely dominated by agrarian interests.

TERRIS BEAT HERMAN

Cleveland, O., April 12.—Sid Terris of New York, knocked out Babe Herman, New York, in the third round of a scheduled twenty-round bout at Public Hall here last night. Herman, making his first appearance as a lightweight, was floored late in the third frame with two right crosses to the jaw. He bounded to his feet only to face a left and right to the jaw that left him groggy. Another hard right to the same place put the Babe down for the count.

IT PAYS

We are frequently asked if it pays to spend so much time in reconditioning and inspecting our used cars before they are offered for sale. The answer is that a great many of our used car purchasers come back when they want new cars. Doesn't that pay?

GARBAGE SERVICE TAXED TO CAPACITY

Citizens Joining in Clean-up Drive Made Grand Sweep of All Discarded Refuse

The city's contribution to the annual Clean-up Day campaign this year was a real one, with the staff of the city garbage department working desperately to keep pace with citizens who rolled up a pile of excess rubbish that taxed the equipment of the department to the limit for days on end.

In one afternoon the wagons collected forty old boilers from households in various parts of the city, while a complete scowload of boilers, 200 in all, were taken away to sea one day last week.

Vacant lot owners, for the most part, took advantage of the drive to clean up their properties, with a result that has added greatly to the public appearance of the city.

DRAMATIC EVENING AT NORMAL SCHOOL

Splendid Programme Including W. W. Jacobs' Play To-night

This evening in the auditorium of the "Provincial Normal School" at Mount Tolmie, the students of the school will present a dramatic evening. On the programme are two exceptionally fine plays. The first one to be given will be "The Monkey's Paw," a clever play written by W. W. Jacobs in three scenes.

The following are the characters: Mr. and Mrs. White will be taken by Mr. Wilkinson and Miss Hughes, respectively, while Mr. Cameron will play the part of their son, Herbert White. Sergeant Major Morris will be played by Mr. Spriggins. The second play will be a clever one-act farce of French life, "The Major's Mistake." In this play Harry Downard will take the part of Mr. Spriggins and Mrs. Spriggins, his wife, will be portrayed by Miss Trotter; Angelina Spriggins, their daughter, will be taken by Miss Frothington. The other characters will be: Victor Dubois, Mr. Morse; Major Reguillou Rattan, Mr. Fleury; Julia, his wife, will be taken by Miss Marmorel; and Mrs. Marmorel, the maid, will be played by Miss Anna Maria, the maid.

Preceding the dramas will be a moving picture film showing Canadians at the front during the Great War. This will start at 8:15 sharp.

Between the plays the student choir will render song selections. Tickets for the affair may be obtained from any of the pupils or at the door of the hall before the concert.

Coast Wants Even Break in Contracts For C.G.M.M. Ships

Vancouver, April 13.—That the building of vessels by the Canadian Government Merchant Marine for the service to be inaugurated between Canada and the West Indies "should be divided proportionately between the Atlantic and Pacific shipyards" is the recommendation contained in a resolution passed by the Vancouver Board of Trade and forwarded to Sir Henry Thornton, president of the Government line.

"Facilities on this coast," says the motion, "have in the past proved themselves eminently equipped to construct tonnage and in view of the present business done on the Pacific by the Government line, and the great future development, we strongly urge full cognizance be taken of the Pacific in awarding contracts."

Grant Now Ready To Take on Large List of Marines

San Francisco, April 13.—Completely transformed into a troopship the Dollar liner President Grant is scheduled to leave here not later than Thursday night for San Diego to load 1,500 marines for the Chinese war zone. All of the Chinese and deck crew of the Grant sailed from here last night on the Emma Alexander bound for Seattle, from which the vessel will take passage for the Orient on other Dollar vessels. The Government plans to replace the deck crew with enlisted men, but upon the vessel's arrival in China, the men who left the ship here will be restored to their old positions.

Alleging the defunct James Nelson company, which formerly operated the White Flyer line between San Francisco, Santa Barbara and San Pedro is approximately a half million dollars in debt, creditors of the company petitioned the court yesterday to declare the concern bankrupt. The list of creditors, filed in the United States district court, contained over 250 names.

Carrying 375 passengers, 152 alligators and 24 automobiles, among other items, the N.Y.K. line's Siberia Maru sailed from here yesterday bound for the Orient by way of Honolulu. In the liner's specie tanks there was a \$172 in gold and silver bullion for delivery at Shanghai.

Officers Elected—The annual meeting and election of officers for the Oak Bay subdivision of the Catholic Women's League was held yesterday afternoon. The secretary, Mrs. E. Vernon Thomson, and treasurer, Mrs. G. H. Haynes, gave highly satisfactory reports of the year's activities and financial standing, and the election of officers resulted as follows: President, Mrs. W. H. Munroe; first vice-president, Mrs. J. A. J. McKenna; second, Mrs. C. E. Wilson; third, Mrs. W. H. Munroe; secretary, Mrs. E. Vernon Thomson; treasurer, Mrs. G. H. Haynes.

The little jacket plays a large part in smart modes for Spring. Not only sports but two-toned afternoon silk costumes feature it.

MAIL CAR TAKEN OFF E. & N. TRAIN

Up-island Points Protest to Ottawa Against Action of Postal Authorities

Postal car service on the Esquimalt and Nanaimo Railway has been reduced as fire of the trains only. This week postal authorities removed one of the cars and down in Vancouver immediately sent a note of protest to the Victoria Chamber of Commerce and also to Ottawa.

The train leaving Victoria in the afternoon and arriving again in the city at noon has had the mail car withdrawn.

The Chamber of Commerce has taken immediate action in an attempt to have the car replaced.

Messages of protest have been dispatched to the Postmaster-General at Ottawa, to various members of the Government and members of the House of Commons, including Hon. S. F. Tolmie, M.P.

Following are the telegrams sent by the Chamber to Ottawa, and also the wire received by George I. Warren, secretary of the Chamber, from the Duncan Board of Trade:

"Hon. P. J. Veniot, Postmaster-General, Ottawa: Victoria Chamber of Commerce protests against withdrawal yesterday afternoon of railway mail car between Victoria and Nanaimo. Inconvenience and hardships will be suffered by firms between these places, and strong objection already reaching us from points on the line. The district affected exports over \$30,000,000 products annually and entitled to better consideration. Immediate restoration of this service is urgently requested. (Signed) 'C. P. W. SCHWENGER, President.'"

"Honorable Dr. J. H. King, Minister of Health, Ottawa: Victoria Chamber of Commerce strongly protests against action of postal authorities in withdrawing yesterday afternoon railway mail car between Victoria and Nanaimo. District affected exporting annually \$30,000,000. Requests service be restored immediately. Sudden action of department seems unwarranted and inconvenience and hardships will be suffered. Your assistance securing immediate restoration of this important service would be greatly appreciated. (Signed) 'C. P. W. SCHWENGER, President.'"

"Honorable Dr. S. F. Tolmie, M.P., Ottawa: Have just wired Postmaster-General strongly protesting against unwarranted action of postal authorities in withdrawing yesterday afternoon railway mail car between Victoria and Nanaimo without notice. This action resented by all sections of the district affected, which exports annually \$30,000,000 products. Your assistance in securing immediate restoration of service would be greatly appreciated. (Signed) 'C. P. W. SCHWENGER, President.'"

"George I. Warren, Victoria Chamber of Commerce. The Duncan Board of Trade and residents Cowichan district strongly protest the removal of post-office mail car from trains Nos. 3 and 4, E. & N. Railway, discontinued to-day without notice. Look upon this as a decidedly backward step and a serious menace to the business development of Vancouver Island. Under modern business conditions imperative that mail service be maintained on trains 3 and 4. May we have your co-operation in this matter? (Signed) 'S. R. KIRKHAM, President Duncan Board of Trade.'"

A Very Special Group of Smart Mannish Suits

Featured at \$19.85

THESE suits are for street and sports wear and combine the newer masculine style touches so much in vogue this Spring. This is truly a Mallek "scoop" and we urge prompt response, as values such as these will go quickly.

Our Picture Gallery of Spring Hats

OUR Millinery Section sparkles with all the vivacity of the Spring and Summer seasons—models chosen as the last word in chic from Parisian designers. In straw, silk, felt or belting—whatever your choice, here you will know that the hat you purchase reveals the latest style.

Any garment may be bought on Mallek's Twelve-payment Budget Plan. Wear while you pay.

McGeer Addresses Rail Board at the Freight Hearing

Ottawa, April 13.—Urging the justice to the Pacific province of the continuance of the mountain differential, G. C. McGeer, K.C., British Columbia counsel in the general freight rate investigation before the Board of Railway Commissioners here yesterday afternoon asked why, if the rates in British Columbia should be kept higher than in Alberta,

by the alleged greater cost of operating and cost of maintenance, it was not enforced in Quebec, where the cost was forty-seven per cent greater than in the West. He further showed from the railway's figures that a very substantial increase in traffic, as during the grain movement, did not cause anything like the same increase in cost of handling. An increase of 250 per cent in traffic only increased the cost of operating twenty per cent. He quoted Mr. Mallory of the Canadian National Railways, and asked on what principle of law or justice the rates in British Columbia should be kept higher than in Alberta.

"Yes," interposed Allister Fraser, C.N.R. counsel, "I am afraid I will have to agree Alberta will have to go with British Columbia rather than with the Prairies." "Can you apply," demanded Mr. McGeer, "a principle to British Columbia which you do not apply to any of the other provinces? If transportation conditions between the Prairies and Vancouver were as favorable as between the Prairies and Port William, the development of traffic would show a startling improvement."

Missing Vancouver Woman Found

Kamloops, April 13.—Washed on to a sand bar, the body of Mrs. W. L. Steele, forty, whose husband is a Vancouver publisher, and who was last seen on a bridge here last Friday night, was found yesterday in the Thompson River, a mile west of Kamloops. Mrs. Steele had come to Kamloops for her health six months ago. Her fourteen-year-old daughter is at school in Victoria.

JOHN HAMILL DIED IN ARMSTRONG, B.C.

Armstrong, B.C., April 13.—Armstrong has lost one of its best known citizens in the death of John Hamill, justice of the peace. His death was caused by a stroke. He was unconscious for several days before the end came. "Jack" Hamill came to the old townsite of Lansdowne, about forty-five years ago, and there built the first Anglican church in the interior, of which he was afterwards warden. He moved to the present site of the city when it was renamed Armstrong, and had carried on business as a builder and contractor, storekeeper, mill manager and in various other capacities ever since save for a short interval prior to 1897, which he spent at Greenwood.

IMMIGRATION PROTEST

Edmonton, April 13.—A protest against the dumping of Swiss and other European immigrants into Alberta cities and towns has been made by the Provincial Government. Acting Premier George Hoadley has wired Hon. Robert Forke, Minister of Immigration, calling his attention to the fact that men are being brought here, ostensibly as farm workers who are actually in the unskilled labor class and unfit for work on farms. With no provision made for them on their arrival here and with a shortage of the sort of work they are able to do, they are in most cases thrown upon the public for support and it is against this phase of the situation the Government is protesting.

VANCOUVER DEATH

Vancouver, April 13.—J. W. Gunn, longshoreman, who jumped or fell fifty feet from the Georgia Street viaduct here yesterday morning to the roadway below, sustained injuries which resulted in his death in a hospital last night.

JURY SAYS BOXER'S DEATH AN ACCIDENT

Edmonton, April 13.—That the death of Harold Reid, twenty-three-year-old Edmonton man, which followed a boxing bout at Sangudo on

NO NEED FOR ALARM

SOME SPEAKERS AND SOME NEWS-papers are becoming alarmed at what they believe is the approaching disappearance of most of British Columbia's timber as a result of an annual cut they think is larger than it ought to be.

On several occasions the provincial Minister of Lands has declared on the strength of expert advice in his possession that the annual growth equals the annual cut. But he does not share the apprehension which has marked many of the expressions of opinion by persons who are not, and have no pressing occasion to be, familiar with all the circumstances related to forestry in this Province. On the other hand, however, he asks the fearful ones to make up their minds to the fact that when trees which have been growing for three or four hundred years are removed, there is little likelihood of others taking their place. Some of these might be preserved, as has been advocated, but even then a time must come when they will decay and cease to be either things of beauty or utility.

In a statement the other day Mr. Pattullo pointed out that a considerable portion of the land from which these giants gradually are being removed is land which ultimately will be suitable for agriculture, and, while he admits logged-off lands are expensive to develop, they are being developed, it being obvious, of course, that agricultural land is more valuable than forest land, since the cultivated area yields its wealth of produce from year to year. Not so with the timber land. Reproduction there is a seventy-five or a hundred-year job.

Latest statistics show that the estimated stand of saw timber in British Columbia is 350 billion feet and the annual cut about three billion feet. From these figures, apart altogether from the growth in the meantime, it would appear that there is at present enough to last another hundred years.

It is an old adage that we can not have our cake and eat it. The Minister of Lands recognizes the force of this fact. Only a comparatively few years ago a great stand of virgin timber occupied the site which now is the growing and prosperous city of Vancouver. Port Moody, incidentally, has a just grievance against those who were responsible for the logging of that same Vancouver townsite.

This process now is going on in the timber adjacent to all the large centres. Industrial areas will become more and more highly industrialized; but it is not then reasonable to assume that the timber business will recede to the remoter portions of the Province? Even the waste, in present-day logging will not be waste to-morrow; changing world conditions will insist that all the by-products of the industry be utilized to the fullest extent.

In considering the relationship between forestry and agriculture, moreover, it should not be forgotten that only six per cent. of the area of British Columbia is suitable for farming purposes. Is there anything alarming about the prospect that from year to year—timber is removed—more land will be under cultivation, producing its annual crop, gradually reaching the point when this Province will be in a position to feed itself? It is not doing that at present.

This is a point well worth consideration—and it can be considered in conjunction with the fact that, as Mr. Pattullo's argument proves, there is no real necessity for alarm about our forest resources. The great danger is fire. Our people can prevent much of it by exercising ordinary care. Flames not only destroy the timber; they injure the land as well.

OF INTEREST TO SAANICH

IT IS A FAR CRY FROM THE BRITISH House of Commons at Westminster to those areas on the Saanich Peninsula where luscious loganberries are grown for wine making and other purposes. But the budget which Mr. Winston Churchill presented to Parliament on Monday contains one provision in particular which is of importance and interest to the berry growers of Vancouver Island. Under the new scale of duties on wines imported into Great Britain the preference which producers in the Dominions now enjoy will be widened—an inducement for them to push their wares in the Old Country market.

It is not an easy matter to break new ground where epicurean tastes and ancient prejudices have to be contended with. The European wine drinker often is extremely fastidious, and obstinate to a degree in regard to his dinner beverage, but the producers of Vancouver Island ought to be able to convince him that the properly prepared extract of the loganberry is superior in taste and more wholesome than many of the wines which Britain buys in large quantities from France and Germany every year. The local product, however, will have to be well advertised if it is to make a profitable impression.

EASY TO TALK ABOUT

NEWS FROM PARIS SUGGESTS THAT representatives of the Soviet Government and of the French Treasury have come to a partial agreement in connection with the funding of Russia's debt to France. The only fly in the ointment, however, and it seems to be a fairly large one, is that there is very little likelihood of accord on the subject of credits from France to the Soviet industries.

The importance of these negotiations lies in the fact that if Russia funds her old debt to France, she can not very well ignore the claims of Great Britain and other countries. Her obligations to the British Treasury amount to about \$3,150,000,000, \$262,000,000 to the United States, and varying amounts to Italy, Japan and Holland. Her French account is about \$790,000,000.

Until Russia gets on her economic feet and conducts her industrial and agricultural activities on a much firmer basis than she seems to be doing at present, there is very little hope of either France or any other of her creditors getting very substantial payments on account. But the gentlemen at Moscow are fully alive to the value of such negotiations in a diplomatic sense. They can say they show willing and capitalize that sentiment as necessity, in their opinion, may demand.

Too often are the men who are conducting the affairs of Russia regarded as wild-eyed anarchists. Instead of which most of them are exceedingly clever men. True they are visionaries, doctrinaires of the most extreme and often brutal type, but they have been in the saddle for ten years. Opinions are bound to differ, of course, as to the success they have achieved.

ALL DONE BY SUGGESTION?

HAS MR. T. G. COVENTRY DISCOVERED a magic wand one touch of which will heal all party differences? The question is prompted by some observations which he made to his constituents last night that are in striking contrast with others to which he gave expression a few days ago.

Last Thursday night the Conservative member for Saanich pleaded for unity among his constituents and admonished them to "live and thrive like bees in a hive and never sting each other." We ventured to suggest that he would probably be reprimanded for telling tales out of school. For was that not an admission which at least suggested that all was far from well?

Now Mr. Coventry tells us that "Saanich is living up to the Kamloops spirit." This is speedy reconciliation between the opposing factions with a vengeance. But then there are two versions of the "Kamloops spirit." The pro-Tolmie delegates and the anti-Tolmie delegates are still preserving their views on the concord—or the lack of it—which prevailed there.

WHAT OTHER PAPERS SAY

A BIT OF REPORTE
From The Montreal Star

The Halifax Herald draws attention to a bit of reprieve in the House of Commons at Ottawa the other day. The "neatness and sufficiency" of which, it says, "one does not need to be an autocrat to appreciate." It occurred when Northwest Toronto's T. L. Church, who had been manifesting very keen concern over the question regarding the flag to be flown over the new Ministry of the Dominion at Washington, interrogated the Government on the matter. Mr. Church was agitated. And he demanded to know:

What flag does the Government propose to have fly over the new separate Canadian Embassy at Washington on account of Canada's new status as a nation?

The reply of Hon. Ernest Lapointe, Minister of Justice, and Acting Premier, was clear, brief and comprehensive. It was:

The same flag as is flying over the Canadian Building in London.

"Say what you will," our Conservative contemporary comments, "those French-Canadian members certainly have a way with them in debate. Most others would require a page in Hansard to do what the Minister accomplished in exactly twelve words."

Queer Quirks of Nature

By ARTHUR N. PACK

No thoughts of relief measures in the way of legislation trouble the head of this little farmer, who is not such a "dumbhead" as he looks.

He just goes quietly about his business and does his haying in season, although where he farms it is not so easy a matter to lay in supplies to last all through the long, hard winter, for he lives way up above the timber-line on the high mountains of the West.

So near the color of the rocks among which he dwells is he, that only sharp eyes detect this pretty little animal. The rock slides are his home, and in a country where snow covers his home for many months he must gather a harvest and insure a food supply for he does not sleep the long winter days away.

In August he gets busy—it is haying time in Conyland. Out in the grassy meadows he may be seen at work, just a little rabbit-like creature about the size of a guinea pig. He nips off the grass and other herbage and bundles it up and carries it back to the rocks. Here he spreads it out on the rocks to cure.

When he decides that the hay is ready to store away he stacks it up in regular little haystacks in the shelter of the rocks. If some accident happens and his hay becomes dampened, he spreads it out again and dries it. Stacks of hay as large as a bushel basket have been found that these industrious little farmers have stacked away.

The Western "Cony"

Do You Mean What You Say?

TWEEZERS

From the French language, also, has come the word "tweezers" which we have changed in both form and meaning. The French word for a small instrument-cane, "etuis," was adopted into the English language as "tweezer." "Tweezers" were, then, the instruments which fitted into the tweeze. "It is from the similarity of 'tweezer' and 'squeeze,' that 'tweezers' has come to refer only to the very small instrument which is used for pulling out hairs.

Canadian Questions and Answers

THE GLASS INDUSTRY IN CANADA

Q.—What is the extent of the glass industry in Canada?
A.—The production of the glass industry in 1925 totaled as to selling value \$10,117,604 from fifty-two plants, involving a capital of \$12,684,238, and employing 2,778. The manufacturer is divided into two classes, that of press and blown glass, and plate cut and ornamental glass. The imports of all glass and glassware into Canada in 1925 totaling \$7,135,760.

The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department

Victoria, April 13.—5 a.m.—The barometer is rising over this Province and fine, warmer weather is becoming general on the Pacific Slope. Fair, moderately cold weather prevails in the prairie.

Reports

MODEL OF CATHEDRAL

To the Editor:—In looking in the window of the B.C. Electric Railway Company's store on Douglas Street this evening I was attracted by a very beautiful model of the new Christ Church Cathedral which Boyd MacGill, the well-known display artist of this city, has made and presented to the cathedral committee in the hope that it will help them with their fund to build this great edifice. Many of us have admired the ingenious displays which Mr. MacGill has made for many of the local merchants in the past years, but this last display must have taken him many weeks of hard work and careful thought, and it is well worth a visit to see.

AN ART LOVER HOLLY PESTS

To the Editor:—In reply to Mr. Bennett's letter last week requesting information regarding the control of holly insects, we regret to say that the only known methods of combating the two pests that disfigure our holly bushes everywhere in Victoria, while giving partial control, are not entirely satisfactory. These two insects, the holly bud moth and the holly leaf miner, are both natives of Europe, and in the past years, but this last display must have taken him many weeks of hard work and careful thought, and it is well worth a visit to see.

and in the event of anything being applied that is of a caustic or oily nature it is likely to show its resentment by causing all its leaves. Consequently care has to be exercised and we are thereby prevented from applying certain remedies that might be expected to produce better control. The holly bud moth lays its eggs late in the summer on the under sides of the holly leaves near the edge and the little caterpillars emerge in May, just about the time that the buds are opening. They crawl to the nearest bud and after a few days begin to tie the young leaves together with silk. As the caterpillar grows and the bud becomes larger more leaves are included, and the insect lives between them, feeding on the young shoot which eventually is killed and hangs brown and unsightly on the bush. Some of the caterpillars pupate within the dead bud, but the majority drop to the ground and spin up among the rubbish underneath the bush, emerging as moths in July. A spray of blackleaf forty, one ounce, lead arsenate, one ounce, water, three gallons, and soap, four ounces, has been found to give fair control of the budworm, and will not injure the trees. It must be applied especially to the young shoots, using considerable pressure, about May 12, or as soon as ever the first larvae are noticed in the buds, and a second application is recommended a week later to obtain the best results. The rubbish underneath the trees should be gathered up and burned early in July, and this will destroy the numbers of the bud moth. The spray also has a determined effect on the leaf miner. This insect is the maggot of a small black fly which lives between the upper and lower surfaces of the holly leaves, causing the unsightly blotch so familiar to those who own holly trees. The maggot pupates within the leaf, emerging as a fly in the middle of May. The little black flies may be seen sitting on the young shoots apparently feeding on the sticky exudate on the surface. We have destroyed these flies in considerable numbers by using a poison bait spray consisting of sodium arsenite, thirty ounces, molasses, four ounces, water, one quart. I am of opinion, though, that the spray as used for budworm, especially if used twice, will act as a sufficient deterrent. Mr. F. B. Pemberton, who has used it for several seasons past on his plantations, reports a great improvement in his holly trees.

In reply to Mr. Bennett's question regarding Bordeaux mixture, this is used as a fungicide for Fall and Winter spraying of holly trees, and canker or anthracnose when applied before the first Fall rains. The other peculiar mixture that he mentions have no value and may be injurious.

SPECIAL SERVICES FOR GOOD FRIDAY
Ministerial Association Arranges United Service; Cathedral Programme

The Passion and Crucifixion of Christ will be commemorated at a series of special services to be held in local churches on Good Friday. At Christ Church Cathedral the services will include: Matins and ante-communion, 7.30 a.m.; 9.30 a.m., Children's service and address; 10.30 a.m., Matins, Litany and sermon by the Rev. W. C. Wilson, D.D.; 3 p.m., service, conducted by the Rev. H. R. Whitehead, Vancouver, B.C.; 5.15 o'clock, Evensong.

At St. Mary's, Oak Bay, Litany and ante-communion services will be held at 11 o'clock. In the evening at 7.30 p.m., Stainer's "Crucifixion" will be sung by the choir. A united service under the auspices of the Victoria Ministerial Association will be held on Good Friday at 11 a.m. at the First Baptist Church. Rev. H. Knox, president of the association, will conduct the service, assisted by Rev. W. C. Wilson, D.D., and Rev. Daniel Walker, Rev. R. W. Lee will give the address. Special music will be rendered by the choir of the First Baptist Church.

ASHAMED OF YOUR SKINNY FIGURE?

New Yeast and Iron Adds Pounds of Weight in 3 Weeks—or pay nothing

Think of it! 15 pounds of good firm flesh added in 2 to 3 weeks! Yeast and Iron made clear and youthful—all in a 15 day course of treatment of nice, pleasant-tasting IRONIZED YEAST! night, April 14, at the K. of P. Hall, North Park Street.

The Dokies have been holding these events annually for some years past and they have always met with the hearty appreciation of all who attended. The frolic will be held from 8.30 till midnight in the large dining-room downstairs where a good variety of side shows and games will be introduced which should prove popular. In the big hall upstairs Pitt's orchestra will provide a programme of the latest dance music. Dancing will be from 9 till 1.

The arrangements for this event are in the hands of a strong committee under the chairmanship of Royal Visier W. J. Carter.

Inman Gains on Reece

—London, April 13.—When the first day's play in the professional billiards championship match of 5,000 points between Tommy Reece and Melbourne Inman finished at Thurston's Hall last night the latter had reduced his opponent's lead of 655 points which stood at the end of the first interval to 375 and was still in play.

Continuing last night Reece was only able to make two shots. He brought his break to 1,151 with a score of three, but gave way to Inman when he failed at a very difficult cushion stroke. Inman showed much improvement over his play of the afternoon and, in reducing Reece's lead, gave a masterly exhibition.

New Modes that Usher in the Eastertide

FOR WOMEN

EVENING WEDDING AT CATHEDRAL WAS PRETTY CEREMONY

Miss Dorothy Gardiner Became Bride of John Perry of Vancouver Last Night

Charming in its appointments was the Easter-tide wedding, quietly solemnized at Christ Church Cathedral last evening at 9 o'clock, when the Bishop of Columbia united in marriage Miss Dorothy Pauline Gardiner, youngest daughter of Mr. and Mrs. Chas. F. Gardiner of 1013 Fairfield Road, to John Perry of Vancouver. The bride is a native daughter of this city and was a popular member of the now defunct "J Unit" Chapter, I.O.G.E., which did much valuable work among the returned men in hospital during the latter years of the war and after the armistice.

The bridal party entered the church to strains of the Mendelssohn wedding march, played by the organist, Harold Davies. Escorted by her father, she made a winsome picture in her wedding gown of white georgette with skirt of lace applique, and back panel of pleated georgette, and on one shoulder a cluster of orange blossoms. Her veil of Brussels net, embroidered in orange blossom, was caught to the coiffure beneath a coronet of orange blossoms, some of which had been worn by her mother at her wedding. A handsome sunburst brooch of pearls, the gift of her mother, and a shower bouquet of bridal roses and anemones completed the bridal toilet.

Mrs. Rita Dougan, sister of the bride, was the only attendant, smartly gowned in a French-headed gown of white georgette with becoming hat to match. Mr. George Pauline, cousin of the bride, supported the bridegroom, and Mr. Claude Connorton acted as usher.

After the ceremony a reception attended by about seventy-five guests, was held at the home of the bride's parents. The young couple stood beneath a bell of lilies of the valley in the drawing room, which was arranged with masses of yellow and white spring flowers. Mrs. Gardiner, mother of the bride, received with the bridal party, and was handsomely gowned in a brown tulle gown with white and green flowers. The same shade, and becoming, coat of charmeuse cloth in desert brown.

The three-tier wedding cake, cut by the bride, centred the supper table in the dining room, and a dainty color scheme of mauve and pink was carried out with tulips.

Many beautiful gifts were received by the young couple. The bride's gift to the groom was a gold watch chain; bridegroom to bride, a gold bracelet set with amethysts and pearls; to the young couple, a gold bangle; to the best man, gold watch chain, and to the usher, gold cuff links.

Later Mr. and Mrs. Perry left for a honeymoon trip to Portland, Oregon, the bride traveling in gown of brown and moiré crepe Madeleine, made by Cheruit of Paris, with coat of Valenciennes blue, trimmed with natural lynx and becoming little hat en suite. Later they will make their home in Vancouver.

Among the out-of-town guests at the wedding were Mr. and Mrs. Stanley Gardiner of Vancouver and Mrs. Chas. McAdam of Nanaimo.

Mr. and Mrs. W. F. Hanbury, Dr. R. P. Kinsman, Mr. and Mrs. F. R. Anderson, Mr. and Mrs. H. McN. Fraser are among the Vancouver people who came over this morning and are at the Empress Hotel.

Invitations are out for the wedding of Miss Marjorie Temple Troop of Toronto, and Mr. John Drinkwater of the Priests, Jackson's Point, Ontario, formerly of Revelstoke, B.C. The wedding will take place in Toronto at St. Clement's Church on April 30. Mr. Sibbald is a nephew of Mr. and Mrs. Pease, Cadboro Bay Road.

AT THE THEATRES

ANNA Q. NILSSON CAN KEEP WEIGHT WITHIN CONTRACT

Many movie contracts contain peculiar clauses in them which prohibit stars from doing various things which ordinary people might do without second thought. For instance, in most contracts drawn up by "Hollywood" studios, there is a clause prohibiting players from gaining more than a certain poundage over their avoirdupois at the time of signing the agreement.

One of the few stars who has never broken that poundage clause is Anna Q. Nilsson, who finds that she can enjoy any kind of food without fear of weight increase. Why or how she does it, she herself does not know. Miss Nilsson's latest role for First National is that of a pretty war bride in "Midnight Lover," in which Lewis Stone plays opposite her.

This cinema attraction, made

RALPH INCE TAKES DUEL ROLE IN FILM AT VARIETY THEATRE

Two brothers with totally different natures is nothing unusual; but twin brothers who start out in their father's footsteps as divinity students, and who meet again in the South Seas, the one as a minister of the gospel and the other as the captain of a notorious pirate schooner is something else again! This intensely dramatic idea is but a part of the unique story which that master of fiction, Peter B. Kyne, has woven into "Breed of the Sea," F. B. O.'s latest Gold Bond Special.

As in "Bigger Than Barnum," Ralph Ince both directed the production and enacted a leading role; but with this difference; that in the former picture he played a comedy role, whereas in the present one he takes the outstanding male part, and it is a dual role at that! To successfully accomplish all this needs more than a modicum of genius, and Mr. Ince proves conclusively his versatility and ability. Margaret Livingston takes the role opposite, and proves a charming light emotion volcano as Marietta. Dorothy Dunbar is splendid, as are Shannon Day, Pat Har-

J.J. MALONEY

Speaks in KING'S HALL, Yates Street,
THREE TIMES Next Week
Tuesday, April 19, 8.00 p.m.
Subject—How the Americans Regard De Valera's Move. Also, Reasons Why the Hearst Press is Changing Their Policy, Which Was Formerly Anti-British.
Wednesday, April 20, 8.00 p.m.
Subject—What is Really Meant by the Power of the Holy Spirit Versus Infidelity. Also, And Why the Reason is the Protestant Nations and Protestant Parts of Other Nations are Unquestionably the Most Prosperous and Brightest.
Thursday, April 21, 8.00 p.m.
Subject—Question Box Night. A Debate is being arranged for this night and questions will be invited.
Mr. Maloney also speaks next Sunday, Easter Day. Watch papers for place and time.

mon and Alphonse Ethier, "Breed of the Sea" is now showing at the Variety Theatre.

CHARLES CONKLIN ACTS DIVER WITH JANITOR'S UNIFORM

Charles Conklin is the only deep-sea diver who makes his trips to the bottom in a janitor's costume. With-out the helmet and rubber suit, usually worn by divers, Conklin made twenty trips to the bottom of San Francisco Bay while playing the role of Chester, the janitor, in "More Pay—Less Work," Fox Film version of Peter B. Kyne's latest story about Cappy Ricks, the scrappy, cantankerous but likable old San Francisco stevedore.

A sensational, suspense-filled, thrilling story of the lure and power of "The City," Fox Film version of Clyde Fitch's great play, has its last showing to-day at the Columbia.

This is a picture that throbs with life. It shows the dangers and pitfalls that beset the unwary who come to the city, its slums and cabarets and the frenzied politics of unscrupulous politicians.

MIRROR TELLS TRUTH SAYS BLONDE STAR OF PICTURE AT CAPITOL

A good mirror is a woman's best friend and next in importance to a good name.

This is the quaint philosophy of Greta Nissen, blonde beauty in "Blonde or Brunette," a Paramount picture starring Adolphe Menjou, now playing at the Capitol Theatre.

"A good mirror will always tell the truth about how you look," says Miss Nissen. "A good friend, either man or woman, may not."

The stage attraction at the Capitol Theatre this week introduces the famous ladies' musical aggregation, "The Hollywood Fadettes," under the leadership of Marie Hursay. The famous orchestra plays both classics and popular jazz compositions equally well, and are being acclaimed nightly by capacity houses.

CASEY STARTS LIFE AS JUNKMAN; BECOMES BIG BASEBALL HERO

Babe Ruth, Tris Speaker, Ty Cobb, John McGraw, Zack Wheat, Frank Frisch, Rogers Hornsby, Walter Johnson, Grover Cleveland Alexander, Frank Chance, "Ping" Bodie, and Casey are all titles that are attached to places on baseball's roll of honor. And then there is Casey?

Casey started out in life as a junkman but soon developed his natural swatting ability upon joining the New York Giants. The metropolis adored its new hero and the Metropole Bar became the place to be if one wanted to meet him. Of course, those who know their hygiene didn't go together but Casey wouldn't listen.

Finally, O'Dowd, the scout who'd "discovered" him, resolved to place a diversion in Casey's path, something that would make the batter's attention wander far from the bat. Tris, prettiest member of the Florida Sixette, won the assignment and the havoc she created was immense.

"Casey at the Bat," the best comedy "bat" of the season, shows at the Dominion Theatre this week. Wallace Beery is said to contribute his funniest characterization as baseball's prime blunderer. Ford Sterling, Suzy Pitts and Sterling Holloway head the star's supporting cast. Monte Brice directed for Paramount.

LOCAL SINGER WILL MAKE DEBUT SOON

Miss Dorothy Hicks to Give
Recital Next Wednesday;
Club Auspices

The Ladies' Musical Club will present Miss Dorothy Hicks, lyric soprano, at its final concert of the season to be held at the Empress Hotel on Wednesday evening, April 20.

This will mark the first appearance of Miss Hicks before a Victoria audience, and she will sing a group of French folk songs, also old English folk song in costume, with Miss Beatrice Hicks at the piano. Miss Vivian Morrey, the clever young pianist, will contribute pianoforte solos.

GLOVES—A FINISHING TOUCH OF EASTER CHIC

Typical of the ornately trimmed and novelty cuffed gloves to complete the Easter costume: 1—banana kid, back stitched in green, the cuff of contrasting pastel shades; 2—for dress, white glaze kid with red stitching and red and black embroidered cuff; 3—French suede, stitched in lime green, with green and black suede band cuffs; 4—rose French suede on the back and suede rose cuffs beautify this glaze kid, for formal wear.

By JULIA BLANSHARD

Fashion this Easter, feels her way to chic in a thousand and one kinds of novelty gloves. For after all, in gloves, you know, is a matter of individual taste—like gowns, homes and husbands.

As a jewel is precious because of its rareness, gloves this season command themselves to the smart woman by their exclusive touches. A novelty for every occasion and a different novelty for every woman seems to have been the glove-makers' Spring ambition.

TWO-TONE COLORS

By color combinations, by decorative trimmings, and by novelty cuffs—some of them gorgeous affairs—do the new gloves show their chic. The two-tone color scheme is taken over bodily by glove artists. Gloves are no longer just something to cover the hands. They have achieved the position of being the final, completing touch to a costume—the cherry on top of the sundae.

As such they step out in all the colors of the alkies, the chiffons, the wools and even the furs that make midday's costumes this Spring. The color combinations are achieved by a variety of things. Leathers themselves run the gamut of the Spring color card. Two kinds of leather also combine, as French glaze kid and a deeper shade of suede for the cuff, to get contrast. In sports we see pig-skin and calf, doe-skin and alligator.

GAUDY STITCHING

Or a kid glove of the new Spring shade—a light neutral color between beige and fawn—may be positively gaudy with brilliant stitching on its back and a gay novelty cuff of a dozen colored flowers that tone with the costume it completes.

Embroideries lead in glove decorations. Every possible type of embroidery is utilized—from simple hand-stitching or delicate traceries to heavy all-over patterns for turn-back or stand-up cuffs in rich silks or gold and silver-metal threads.

Laces, appliques of self material in futuristic motifs or tiny nosegays have been deftly adapted for these dressy affairs this Spring. Silk ribbons, flowers of French knots, flowers of appliqued bits of colored suede—all these can be found fashioning the cuffs on the new gloves.

CONTRASTING KID

Or we have the gloves that get their color contrast by combining two tones of kid. A straw-colored model may come with blue stitching and a blue cuff with inserts of flag-blue and piped with gold. Lavender glaze kid gloves often call for purple or even blue kid cuffs. Banana chartreuse, and as the other light tints can be found in gloves, most of them with delectable colors in their trimmings.

All dress gloves have the cuff. And it is only the smart street glove for strictly tailored wear that foregoes the pleasure of having that cuff richly colored. Plain slip-on gloves take their chic from their smooth stitchings in self color and the texture of the soft suede or chamols from which they are fashioned.

But even the fancy gloves—the novelty cuff shows its influence in the trick fastenings that this type often employs. Few of them just button or snap shut. They have buckles, rings and some of them have small leather loops on one side and a loose band of leather on the other which slips through to hold the glove shut.

REACH NEW PEAK

Detailed trimmings, and range of color are cited to prove the peak of importance to which gloves have ascended this year. Colorists, artists in design and decoration and masters in the leather business have all been called in to evolve the creations that bear the name of gloves this Spring and even a cursory inspection of this Easter's glove array makes it quite convincing that their effort was not in vain. Veritable works of art are this season's distinctive modes in gloves—well calculated to stir a possessive longing in the heart of every woman who sees them.

Spanish Hospital

Bladder Troubles
Bother Many Past 40

Seven Out of Ten Are Victims, But Writer Tells How "Uratabs" Bring Swift, Amazing Relief With Renewed Vital Force

"No one knows better than I, the horror of joyless days and sleepless nights. There have been times when I felt hopeless and helpless—times when my weakness caused me the most intense humiliation. Only those who have gone through such tortures can possibly realize my great satisfaction when Dr. Southworth's URATABS brought me quick relief. Uratabs are truly wonderful. I give them full praise." Such amazing evidence serves as a convincing proof of the power of URATABS to relieve those distressing ailments so often a handicap to those in middle life.

Urinary and sluggish Kidneys, Bladder Weakness and Prostate Gland Trouble bring on so many distressing ailments which so often lead to serious diseases that every sufferer from Lame-ness, Pains in back and down through groin, scanty but frequent urination, "Getting-up-Nights," Nervous Irritability and Lack of Force—should try the amazing value of Dr. Southworth's URATABS at once! Any good drugist will supply you on a guarantee of satisfaction or money back.

(Adv.)

WILL ANSWER ANTI-BRITISH PROPAGANDA

Under the auspices of three well-known organizations J. J. Maloney will speak at Seattle May 2 and 4 in answer to statements made by Eamonn De Valera during his visit to Seattle.

Mr. Maloney, who was in Seattle when De Valera spoke, says that many Americans including the influences behind the Hearst papers feel that a lot of anti-British feeling throughout the United States is due to false and sinister propaganda. De Valera, he says, was both bitter and unjust in his criticism of the English. His speech was aimed to stir up hatred between the United States and England.

Mr. Maloney has also been offered the post of traveling through the forty-eight states this Summer to counteract the Mexican propaganda. A committee of 100 American millionaires has been formed on the coast states with that object in view.

Children Cry for

CASTORIA

MOTHER—Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of *Dr. H. Fletcher*. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

How to Select the Best Instrument
Play a record on any other recent type reproducing instrument, then play the same record on the New Brunswick. Let your ears be the judge.

COMPARISON proves The New Brunswick Superiorities

IN a competitive test where the same record is played on many instruments, Brunswick proves that it has more beautiful tone qualities and clearer un-muffled volume. This is because the New Brunswick reproduces more notes of the musical scale.

When you choose an instrument for entertainment and to adorn your home, you will naturally want the New Brunswick as it alone combines all the highly desirable features so popular with the whole family.

NEWS IN BRIEF

Pre-Communion services and the reception of new members will be held at the First United Church this evening at 8 o'clock.

The Provincial Museum of Natural History will be closed on Good Friday, but open as usual from 9 a.m. till 5 p.m. on Saturday and Easter Monday.

Carew Martin was the speaker at last night's meeting of Ward Three. It was decided to hold a "Liberal" headquarters on May 10.

Hugh C. F. Reaton, Burnside Road, has been appointed by the Oak Bay Police Commission to fill the vacancy made by the resignation of Constable William Patterson.

Dr. Arthur F. Barton will deliver another of his health talks in the New Thought Temple, 935 Pandora Avenue, at 8 o'clock this evening, the subject being "Some Fundamental Laws of Health."

A band concert will be given on the lawn of the Hill Park by the Shrine Band. The concert will start at 2.45 o'clock. The new bandstand, which has just been completed, will be used for the first time.

The drawing for the oil painting prize, Mrs. Hale for the Oak Bay fit of the Tillicum School piano fund, resulted in a win for the holder of ticket No. 4275. The piano fund will be augmented by a little over twenty dollars.

The Women's Union of the First Baptist Church will have a table of home cooking in the basement of David Spencer Limited on Saturday morning, and the Young Women's Auxiliary will display Easter novelties for sale.

Frank Sehl and the Education committee of the Rotary Club will be in charge of the program of entertainment planned for to-morrow's regular weekly luncheon meeting at the Empress Hotel. A large attendance is urged upon the membership.

At the close of the hearing of the action of Thomas Lumsden versus Edward Hunt in County Court yesterday, Judge Lumsden gave judgment in favor of the plaintiff, who asked \$21 for work done and goods supplied. Norman W. Whittaker appeared for the plaintiff.

Competitors' tickets have been sent to all entrants in the Victoria Musical Festival which will be held next week. If any who have entered do not receive tickets, it is on receipt there should seem to be any mistake, they are asked to get in touch with the corresponding secretary of the festival, Gordon Holdcroft, at 1623 Douglas Street, phone 1294.

At the sacred concert to be given this evening under the auspices of the Women's Mission Circle of Emmanuel Baptist Church, the program will be as follows: Duet by Misses G. Marchant and Bessie Champney; violin solo, Miss Lilian Parfitt; reading, Miss Mary Hall; solo, Miss May Mason. The pageant, "The Challenge of the Cross," will also be presented. It is hoped that all friends of the church will attend the meeting.

T. Wherry, taxidermist, 629 Pandora Avenue, this morning received nine panther skins from H. H. Piddcock at Campbell River. They have all been killed within the last ten days and Mr. Wherry states that they are one of the best batches that have been brought to him for mounting for a good many years. The largest one measures 8 feet 6 inches from tip to tail, while the smallest is 7 feet.

Another success was scored by the Comedian Comedy Company when they gave an amusing playlet, "The Dear Departed," at the Crystal Garden last night. There was a large attendance and the characters were played by Major and Mrs. Taylor, Mr. and Mrs. Legge-Willis, Miss Myrtle Sawry and P. E. Corby. The Crystal Garden Orchestra under William Tickle played a number of popular selections.

On Good Friday there will be no delivery by letter carrier. On Easter Monday, the morning deliveries only will be made. On both days the money order wickets will be closed all day. General delivery and other wickets will be open from 8 a.m. to 10 a.m. only. All mails due to be dispatched will be made up as usual. On Good Friday, the evening street letter box collections only will be made, but on Easter Monday there will be collections both morning and evening. The public lobby will be open as on ordinary week days.

A talk on "The Glasgow School of Painting" was delivered before the Burns Club last night by John-Kyle, Government technical education organizer. A number of reproductions of the work of Walton, poet-painter of Glasgow, were thrown upon the screen. Other views were of the works of Bramley, a Cornish painter, George Henry and Alexander Roche both of Glasgow, D. G. Cameron and sketches by McVey. Slides were shown of the works of Rembrandt, Velasquez, Whistler, Corot and Millet.

The parents committee of the boys' band of the Navy League held an enthusiastic meeting last evening when news was received that the Army and Navy Veterans will give their whole-hearted support to the project and backing the undertaking to the extent of \$500, at the same time offering hospitality and entertainment to the boys all along the line. The Kiwanis, Rotary and Grotto Clubs will also give their sympathetic support. It is expected when the tag day is held on Saturday, the remaining sum necessary will be realized, and no further calls will need to be made upon the public.

The regular meeting of Victoria Review No. 1, W.B.A., was held in the K. of C. Hall, Government Street, Tuesday evening, with the commander in the chair. After the meeting a social dance took place with a good attendance. Mrs. Rogers gave a report of the aid to rally funds. There will be another progressive five hundred unit dance at the Building, room 103, to-morrow night at 8.30 o'clock. Attention was called to the omission of names of Mrs. Herring and Mrs. Winters, color bearers, from the report of the installation of officers. Mrs. Garrett has been elected as delegate, with Mrs. Morris as alternate, to the Review in Vancouver, May 17. Mrs. Ritchie, district deputy, was a visitor to the Review.

Charged with assaulting Mrs. Lilian Greston, Mrs. Edith Gascoyn was this morning hauled before His Honor Magistrate Jay, in the City Police Court. Magistrate Jay dismissed the accused with a severe warning.

In connection with the Easter holidays the City Hall will be closed on Good Friday and on Easter Monday. The weekly session of the City Council will be held Tuesday at 8 o'clock. On Saturday morning City Hall offices will be open.

F. M. Black, who has been offered the chairmanship of the Victorian fruit marketing control committee, will come to the coast on Saturday to discuss details of the work of this board with officials of the Department of Agriculture.

The installation of officers of Victoria Lodge 1390, Loyal Order of Moose, will take place on Friday evening in the City Temple Hall, North Park Street. W. D. Taylor, Junior Past Dictator, will act as installing officer and a large crowd is expected.

Some of the reasons why Victoria has the lowest basic rate of fire insurance obtainable in Canada will be told by Alderman J. L. Mara, speaker over radio station CFCT at 7.30 p.m. Thursday, on the city's programme of weekly broadcasts. Alderman Mara is chairman of the 1927 board of city fire wardens.

To-morrow night at 8.15 o'clock a meeting of representatives from the city, Saanich, Oak Bay and Esquimalt Councils, and from the Rotary, Y.M.C.A. and Canadian Clubs will be held in the Chamber of Commerce library to discuss means for giving relief to destitute ex-service men. The meeting is being held under the auspices of the Canadian Legion of the B.E.S.L.

Yip Wah, youthful Chinese, was charged with forging Jim Kee's name to a \$50 Canadian postal order when he appeared before Magistrate Jay in the City Police Court this morning. His father was present when the charge was read and asked that the case be adjourned until to-morrow when the mother of the accused might be present. The remand was granted.

Under the management of Mr. Campion a most enjoyable card party was held in the Lake Hill Community Centre on Monday night. The prize winners were: First table, Mrs. Green, Miss Dummell, Mr. Harris and Mr. Miles; second table, Mrs. Fookes, Mrs. Lipp, Mr. Miles and Mr. Campion; consolation, Walter Peddie, Mr. Dobbs, Mrs. Miles and Mrs. Fraser. Mrs. Miles and Mr. Fraser, Mr. Dobbs, Mr. Barlow won the tomahawk prize. The next card party will be held in the Community Centre on Easter Monday under the auspices of the Lake Hill Women's Institute.

OBITUARY

The death occurred yesterday morning in this city of Albert Victor Luck, in his ninety-first year. He was born in Eastbourne, Sussex, England, and had been a resident of this city for the past seven years, lately residing at the Y.M.C.A. He is survived by a brother in Vancouver, and two brothers in England. Also a sister in the United States, and a sister in the U.S.A. and a sister in England. The funeral will be held to-morrow afternoon, April 14, at 2 o'clock from the Sands Funeral Chapel, and the remains will be laid to rest in the Royal Oak Burial Park.

Funeral services were held this morning over the remains of the late James Murray. The cortege left the B.C. Funeral Chapel at 8.45 and proceeded to St. Andrew's Cathedral where Rev. Father Desley conducted the funeral service and mass. Many friends attended and the casket was covered with lovely flowers. The pallbearers were, Wm. Carroll, F. Welch, N. K. Nelson, L. Young, J. Hillison and G. H. Patton. Interment was made in Ross Bay Cemetery.

COMMONS HASTENS
PROROGATION HOUR

(Continued from page 1)

Following that debate there was long discussion of the estimates of the Department of Agriculture. There had been a great deal of anxiety as to the fate of the many private bills on the order paper which had yet to be heard, and which, if the House should prorogue before Friday, might have been left stranded for a year. Last night, however, the House for private bills was extended nearly three hours, and most of the private measures were dealt with, some being put through entirely and others remaining only for third reading. Shortly before 11 o'clock last night the House swung back into estimator and made comparatively rapid progress until after two o'clock this morning when the tired members called it a day.

"MISS VICTORIA" TO GET
COSTLY PRIZES DONATED
BY LEADING FIRMS HERE

Victoria business firms to-day announced that they would honor with costly prizes "Miss Victoria," who is to be chosen as Victoria's most beautiful girl to represent this city in the Canadian contest for the title of "Miss Canada," who, in turn, will represent this country at the international contest at Galveston, Texas. The elimination competition will be staged at the Dominion Theatre the last week of this month.

The prizes announced to-day by Victoria firms to be given "Miss Victoria" and the girls who capture from second to seventh standing, include:

1. One of the latest Paris and New York evening gowns from Mallick's Limited to make "Miss Victoria" one of the best gowned young women to be seen at the fashionable hotels at which she will stay during her travels.
 2. A gold bracelet watch from the exclusive stock of W. H. Wilkerson.
 3. Two of the latest imported model hats from the South African Plume Shop.
 4. Two pairs of snappy shoes from the stock of James Maynard & Son.
 5. A Du Barry manicuring set from Merryfield & Mack Limited.
 6. A pair of the finest silk stockings from the Gresham Hosiery Shop.
 7. Boxes of chocolates of various kinds from Stevenson's, the Candy Store.
- The foregoing prizes, which will be distributed between "Miss Victoria" and the beauty runners-up, will, of course, be in addition to the seven prizes over the Capitol Theatre circuit from Winnipeg to the Coast with all expenses paid. This trip will be similar to the trip which the famous bathing beauty champion of last year, "Miss Winnipeg," made with the Dumbells during the last Winter. Whoever is chosen as "Miss Victoria" will make the seven-weeks Canadian tour whether she wins the Canadian title or not.

TELS OF PLANS
TO MAKE "VICTORIA"
BIG GRAIN PORT

Alderman Holmes Speaks to Real Estate Board on Suggested Development

Alderman Cuthbert Holmes told the Real Estate Board at its meeting in the Chamber of Commerce to-day, the plans for the erection of a grain elevator here. The Panama Pacific Grain Terminals Limited had chosen Victoria as a good point for such an elevator, but the necessary funds for its building had not been forthcoming, he said.

The council had examined the suggestion of the Panama-Pacific that Victoria make up the total amount required for the elevator. The city would hold a first mortgage on the assets of the company. This would be security. The total sum necessary for the building of the elevator would be approximately \$250,000, he added.

Alderman Holmes went into figures to show that the investment would be a good one on the part of the city and showed there was ample protection. He had asked one of the leading grain men of Canada whether Victoria was a logical grain port and had had an answer in the affirmative. It was possible to get men who could very probably make a success of a Victoria as a grain elevator such as the one suggested, he had said.

PEACE RIVER RAIL LINK
ESTIMATED AT \$85,000,000

(Continued from page 1)

strution was not justified immediately on economic grounds, and that a continuous study of the situation, of the Peace River district was justified. Mr. Kennedy's motion would instruct the committee to amend the report to declare that while evidence had been given there were four outlets from the Peace River, a complete survey had been made of only two; that a complete survey should be undertaken of Peace Pass, Pine Pass and Monkman Pass, and that commencement of construction of the outlet was justified as soon as the best route had been determined.

TOLMIE'S VIEWS

Before a vote was taken on the amendment, Hon. S. P. Tolmie, Conservative, Victoria, said he wished to wait until there was a large enough population in the Peace River district to ensure the proposed outlet would pay its way was taking a narrow view of the situation, Dr. Tolmie said. This was a very different attitude from that taken when the Canadian Pacific Railway was built to British Columbia. People of the Peace River district, under such conditions, might have to wait 100 years for this much-needed outlet. He supported Mr. Kennedy's amendment.

Twenty Killed by
Morocco Storm

Madrid, April 12.—More than twenty lives are reported lost in a following storm which swept the coast of Morocco. Many small craft are believed to have been sunk and considerable damage along the waterfront is reported at various ports. Wire communication was tied up, but is being restored.

which was the best route for the outlet, but this amendment went much beyond that.

EARL CARROLL NOW
HOSPITAL PATIENT
(Continued from page 1)

juries no one had occupied the tub in his "bathub" in his theatre here more than a year ago. Surrendering to United States Marshal Hecht yesterday he was spared the notoriety of appearing in court himself, his attorney being allowed to rise before Judge Hand when the theatrical producer's name was called.

The surrenders, the attorney said, Carroll being then carefully locked away in the marshal's office from the crowd that filled the third floor corridor of the Federal Building. In the marshal's office he stayed until the prison car was ready. Then he was whisked, with two other prisoners, in an automobile and unannounced, to the station where his wife boarded a sleeper in the same train as he was hustled into the barred car under guard of several marshals. Carroll will live in Atlanta while her husband serves his sentence of a year and a day.

Two prisoners taken from the Federal Building to the station with Carroll without intermediate incarceration in the Tombs were Alexander A. Lipschultz and former Assemblyman William C. Amor. Eighteen other prisoners who made up the party being taken to Atlanta were held at the Tombs until train time and taken to the station in the prison van.

The prison car has sleeping berths and Hest said Carroll had been assigned a lower. Meals are brought in from the regular dining car, each prisoner being allowed to spend three dollars a day and any amount of his own money he likes.

TRANSATLANTIC FLIGHT
Quebec, April 12.—The Royal Dutch Air Lines plan a Transatlantic flight by way of Iceland and Greenland and a light on to Vancouver.

Are you Losing in Weight?

Loss of weight—accompanied by loss of strength and energy—is often due solely to mineral starvation. The millions of tiny cells, of which your body is composed, are not receiving from the food you eat the mineral substances they must have. Consequently these starving cells cannot generate sufficient power to keep your body strong and maintain your weight.

Wincarnis supplies in an agreeable form the very mineral substances your body cells require. Hence by taking Wincarnis you prevent mineral starvation and the dangerous weakness and loss of weight it usually entails.

HOCKEY, BOXING

American Stars Will Seek B. C. Golf Titles

Even California Will Have Representative Here for Men's Championship; Perry Ferguson, Four-handicap Man, Arrives From Los Angeles; Bon Stein Coming From Seattle So "Chuck" Hunter, of Tacoma, Present Champion, Will Have Hard Job Retaining His Honors; Mrs. Riegel, of Spokane, P.N.W. Women's Champion, Enters Women's Event

"Chuck" Hunter, of Tacoma, holder of the British Columbia amateur golf championship, will be here to defend his title during the Easter holidays, and he is going to face a mighty tough field. California, Washington and British Columbia are assembling some of their finest amateur golfers in an effort to see that the Bostock Cup, emblematic of the championship, does not remain in the domicile of the Hunters.

Entries for the championship close to-day, and there is every indication that the largest and classiest field that has ever been in this event will be entered. Capt. J. V. Perks, secretary of the B.C. Golf Association, announced to-day that nearly 100 entries had been received, and many others are expected.

Seattle is sending over a contingent headed by Bon Stein, who won the championship in 1925 at the Colwood Golf Club. Along with Stein will be George Leuther, Don Dawson, Hal Green, Charles Smith, Archie Stuart and Dr. Houston. It is understood that other Seattle entries are in the mail.

ALL ALONE

Tacoma's lone entry is Hunter, who, however, is some pumpkins on the golf course and is bound to go a long way in the tournament.

From California comes Perry Ferguson, a four-handicap man and shot a round at the Victoria Golf Club yesterday. He showed plenty of class and is labeled as one of the men to look out for. So far the B.C. championship has not been won by a golfer from farther south than Tacoma. Ferguson has come up to look over the tournament and other golfers from California may be up in future years.

The farthest eastern entry is from Winnipeg, while the most northern is Nanaimo.

Victoria, of course, will have a great army in the field and Vancouver is sending over at least twenty men.

The Victoria Golf Club will have several young golfers who will be well backed to come through. Jack Matson, the club champion, is one of those well backed. He is a young week he whirled around the eighteen holes in 68, which stands as the amateur record for the course. Matson, who is a southpaw, started his game in Victoria and finished it off at Cambridge University. If he is on his game all the way through the tournament he will be a determined threat for the honors.

OTHER YOUNG PLAYERS

Art Beasley, the city champion; Harold Lineham, runner-up in the Colwood Golf Club championship; Thornton Fell, Harold Wilson and Dick Moore are some of the young golfers who will be war watching. Many veterans, whose names have appeared on local golf teams for many years, will also be out seeking the high honors.

The qualifying round of the championship will be of thirty-six holes and will be played at the Victoria Golf Club on Friday. On Saturday the first and second rounds will be on the following day. The finals will be thirty-six holes and will be played on Monday.

WOMEN'S TOURNEY GOOD

The women's B.C. championships will be staged on the same days at the Colwood Golf Club.

This promises to be a very interesting tournament as a number of American stars will be here, as well as several young Mainland players who are rapidly pushing to the fore.

Mrs. Riegel, of Spokane, the present P.N.W. women's champion, will be here to try for the title, while Dr. Houston, also of Spokane, is coming along.

Dorothy Ayton, daughter of the well-known Point Grey pro, Dave Ayton, is coming over from the Mainland. She is one of the best prospects seen in women's golf in Vancouver in years. Mrs. Martin, also of Point Grey, will play.

Mrs. K. C. Allen and Mrs. George Galt, of Winnipeg, have both entered. All the women who are playing in the Victoria and Vancouver teams in the Hunting Cup competition tomorrow have also sent in their entries for the championship.

In the Hunting Cup competition Mrs. Allen, of Winnipeg, who has recently joined the Victoria Golf Club, will play in place of Mrs. Harry Ross.

Foley Will Be Given His Chance in May

Vancouver, April 12.—Vic Foley, local batter, will be given first chance at his title, Tod Morgan of Seattle, world's junior lightweight champion, stated yesterday. The bout will be staged in Vancouver about the middle of May.

Morgan spent the day in the city and asked Jack Allan, promoter, to be relieved of his engagement to box Foley this month. Allan agreed to meet the champion's wishes on the understanding that Foley got first shot at the title.

The champion will go South and help move his mother's effects from Oakland to Seattle. He will rest up for a couple of weeks and then return here to go into training.

Jordans And Firsts Are In Great Form For Titular Battle

One of Finest Senior Basketball Games of Season on at "Y" To-night

The final stages in the Y.M.C.A. knockout basketball tournament have at last been reached and at 7.30 o'clock this evening the Jordan River "B" and the West Road teams will clash, to determine the holder of the handsome B. C. Electric trophy for a year. This should be a titanic struggle between two husky teams. Most of the players are veterans at the game and have played together for a number of seasons.

West Road proved their ability to win by downing the "Y" leaders last week in one of the fastest games in the tournament, while Jordan River easily conquered the Victoria Machine. Depot last Saturday. On paper the contest appears to be very well matched and both have exceptionally good followings.

THE BIG GAME

At 8.05 o'clock the long-looked-for return engagement between the Jordan River "A" and the First United team will be on. The Jordan River team, emblematic of the senior title, will be at stake. In the city playoffs the First United won by the slim margin of one point from the Jordans, a most thrilling encounter.

The teams play an entirely different type of ball. The Jordans play the slow, but very effective, five-minute game, while the First United is on the alert for sudden breaks, while the Firsts, veterans of many hard campaigns, play a more aggressive and short, passing type of game. They believe that a "strenuous offensive is the best type of defense."

Both teams have been looking forward to this engagement and are keyed up to a pitch which will ensure the fans a terrific battle.

Tommy de Macedo will handle the whistle in both championship tussles and the teams will line up as follows:

Jordan River "B"—Henry Rough, Ted Holmwood, J. D. Lines, John M. Elliott, John N. MacFiear, Robert Walker, Edward Lee.

West Road—M. Rice, M. Lannon, R. Lannon, W. Tubman, J. Lannon, R. Mitchell, T. Feden.

Lady Smith Girls—Chas. Cloke, Lena Michaux, Ellen Mayovsky, Polly Kular, Arsen Perens, E. Martin, Gladys Wilkerson, Ethel Chenwitt.

Redbirds—Vera Foubister, Ina Foubister, Jean Millikin, Emily Wood, Bliddy Boyce.

Jordan River "A"—Lewis Patt, J. McKenney, Arnold Henderson, Gordon Willoughby, A. Boyd, W. Ledingham, Albert Walker.

First United—A. Whyte, R. Forbes, J. Ross, A. Webster, J. Foubister, B. Turgoon, B. Hocking.

The presentations of the cups and medals will take place immediately after the last game. The gallery has been completely sold out, and only a few seats downstairs are left. Telephone 2980 for reservations.

OLD FIGHTER DIES

San Francisco, April 12.—Aurelio Herrera, forty-nine, once a favorite ring idol in the featherweight division, died in a hospital here yesterday after a long illness.

WIN FOR DAVE SHADE

Coliseum, Chicago, April 12.—Dave Shade, San Francisco middleweight, won the verdict of two judges and the referee over Phil Krug of Paterson, N.J., in ten slow rounds at the Coliseum last night. Shade, rated as the outstanding challenger for the middleweight title, won eight of the ten rounds handily.

TIMES SPORTING NEWS

Bring On the Peanuts the Baseball Curtain Is Up

SHORTEN COURSE FOR REGATTA IS VANCOUVER IDEA

Vancouver, April 12.—Directors of the Vancouver Rowing Club have decided in favor of changing the distance of the races at the annual regatta of the North Pacific Association from one mile and a half to the Henley distance, one mile, 550 yards. The officials of the local club have suggested the change, it is now up to Victoria and Portland, the other members of the association, to endorse or condemn the switch.

Champion Sculler Has Narrow Escape In Course Of Ferry

F. Adams While Training in Vancouver Harbor Has Unfortunate Experience

Vancouver, April 12.—Frank Adams Jr., undefeated Pacific Coast single sculling champion, whom the Vancouver Rowing Club plans to send East for the Canadian and American title events this summer, had a narrow escape while training on the harbor Tuesday morning.

As he was passing the North Vancouver ferry when he came forward on his slide for the catch and "dropped on it" with all his weight and strength. His left blade caught the craft, but she was too far over, so rather than turn it completely upside down he slipped into the water.

At first nobody on the pier, over 200 yards away, noticed the accident and Adams had to hold on to the shell with one hand while he paddled frantically to get out of the path of the ferry. As soon as his heated limbs hit the icy water both legs became cramped but he managed to kick the tightness out of his right leg.

After Adams had hung on for over ten minutes two members of the crew of the tug "Robert Preston" lowered their dinghy and pulled the chilled oarsman out. After a few minutes in the engine room to warm up he put on his sweatshirt which was still dry in the box of the shell and paddled back to the club.

Undertakers Buried By Edmonton Grads

Edmonton, April 12.—Playing right to the top of their form, the Edmonton Commercial Grads turned back the St. Louis Peers yesterday in a two-game series and won a wide margin of superiority over their opponents. Their intricate combination dashes and deadly accuracy of their shooting was too much for the St. Louis lasses.

Toronto, April 12.—The Edmonton Grads, the world's outstanding team of girl basketball players, will defend their Canadian championship title at the Toronto Arena next Tuesday and Thursday nights against the Lakeside Ladies, the champions of Eastern Canada.

Watches For Grads

Toronto, April 12.—A gold watch will be presented to each member of the "varsity grade" hockey team winners of the Allan Cup in the recent hectic series with Fort William. The City Council decided yesterday the inscription gives the name of the recipient "from the city of Toronto, April 12, 1927."

Win For Ottawa Will End Series To-night

Boston, However, Determined to Win or Draw and Make Fifth Game on Saturday Necessary; Both Clubs Are at Full Strength and in Fine Shape for Another Gruelling Struggle; Tickets Gobbled Up Early This Morning

Ottawa, April 12.—The fame that is the portion of the champion or the glory that is the lot of the runner-up is near for either Ottawa Senators or Boston Bruins, who meet in the fourth game of the National Hockey League finals here to-night. The championship is to be decided to-night if the Senators win. Should Boston carry off the victory, the series will be tied and Saturday night's game will be the deciding one.

Despite the unsatisfying result of Monday's tussle, when the teams played eighty minutes to a 1-1 tie, great interest is shown in to-night's game. Fans began lining up at the auditorium at an early hour this morning, and soon after the ticket office opened every reserved seat in the arena had been sold. There still remains standing-room behind the reserved sections.

Boston hopes to even up on the series and prolong it to a fifth game—and an eventual decision in their favor. The Senators are eager to finish up as soon as possible. The clubs will receive to-night's gate, the players' pool having been concluded after the third game.

The managers of both teams were confident to-day in the ability of their teams to overcome their opponents. Monday night's game, while strenuous, was played carefully as regards injuries, and as a result the teams are in fine fettle. The line-up is expected to be the same as on Monday night.

Over Twenty Teams Expected In Soft Loop This Season

Annual Meeting of League Held Last Night; Last Year's Officials Re-elected

Another most successful year is promised for the Victoria and District Softball League. At the annual meeting held last night in the Y.M.C.A. last year's officers were re-elected to office.

Last season nineteen teams played in the various leagues, but this season an even greater number is anticipated. All last year's clubs are practically certain to be in, while the Colonist, Albion Stove Works and a second team from the Andrews are seeking entries.

At last night's meeting plans for the coming season were discussed, and a number of good suggestions were put before the meeting by the delegates.

ENTRIES CLOSE APRIL 21

Clubs intending to enter teams are requested to communicate with S. Thomas, the secretary, care of the Colonist.

The next meeting will take place on Thursday, April 21, when all entries must be filed.

Organized about three years ago the softball league has experienced great success in this city. The game has been taken up by a great number of young people, and teams are formed all over the city. Keen competition is assured through the fact that all districts are represented.

Watches For Grads

Toronto, April 12.—A gold watch will be presented to each member of the "varsity grade" hockey team winners of the Allan Cup in the recent hectic series with Fort William. The City Council decided yesterday the inscription gives the name of the recipient "from the city of Toronto, April 12, 1927."

WESTMINSTER WILL JOIN "BIG THREE" RUGBY THIS YEAR

Vancouver, April 12.—The British Columbia branch of the Western Canada Rugby Football Union will meet here to-morrow night to wind up the business of the past year and elect officers for the coming season. Officials expect four clubs to take part in the senior league next year, New Westminster, Victoria, Varsity and Vancouver.

Local Swimmers May Win Places On Team To Go To Amsterdam

Wellburn and Stott Mentioned as Candidates For Olympic Swimming Team

Vancouver, April 12.—Development of candidates for the Canadian Olympic team will be one of the chief activities in British Columbia swimming circles this year, according to plans outlined at the annual meeting of the B.C. section of the Canadian Amateur Swimming Association. The association will request that outstanding swimmers be paid special attention with this in view.

John Munro of Vancouver was chosen to succeed Alderman E. W. Dean as president, the latter being elected honorary president. Vincent J. Dunn, formerly of Victoria and now of Vancouver, was elected to his seventh term as honorary secretary and official handicapper. Delegates from Victoria were in attendance.

Mr. Dunn outlined the activities of the past season in an interesting address. He stated that intensive training on the part of many of the outstanding swimmers on the local scene had been given. Lower Mainland may earn them a place on the Olympic team.

He mentioned several whom he thought should be brought especially to the attention of the officers of their respective clubs. Tom Wellburn and Arthur Stott of the Victoria Amateur Swimming Club were specified.

British Columbia water polo teams should also get in some steady practice in the near future, Mr. Dunn advised, as there is a likelihood that Canada may send a team to compete in the Olympics, and that outstanding westerners will be given a trial.

The Vancouver club made application for the 100-yard men's free style, the 200-yard men's free style, the 200-yard or 220-yard men's free style Canadian championship events, as well as the three-meter standing springboard diving event for women, and the fifty-yard free style event for juniors in both girls' and boys' divisions. British Columbia championships. The B.C. title events were granted.

It was intimated that Victoria would make application for the events they desired to sponsor in the near future.

The Times long-distance Victoria swimmer will be held August 6. The Victoria and Vancouver amateur clubs will hold championship races July 1 and 2, the swimmers of both clubs competing in one city the first day, and journeying to the other city for the second. Several Portland swimmers are expected to come up for these events.

YORK LOSES TO DEWSBURY

London, April 12.—Dewsbury defeated York 26 to 12 in a rugby league match at Dewsbury yesterday.

GOLF, FOOTBALL

Bats Thunder Making Pitchers Feel Weary

Heaviest Artillery Brought Into Action in Opening Games of Major Baseball Leagues; Six Homeruns Hit, Hornsby Contributing One; Babe Ruth Proves Weak Sister and Makes Way for Pinch-hitter; Cobb Shows His Old Speed; Alexander Driven From Mound; 230,000 Fans See the Games; Setting New Record

New York, April 13.—The lords of the baseball world opened the battle with their heaviest artillery.

Base hits resounded yesterday in the ball parks of seven cities where the opening games of the big leagues season were played, and victory went to the teams with the heaviest barrages.

Six home runs marked the opening day, and these were divided between two teams. The Giants garnered three of them in pounding out a 15-7 victory over the Phillies at Philadelphia. Rogers Hornsby, late of the St. Louis Cardinals, clouted out one, while George Harper and Bill Terry contributed the others.

The world's champion Cardinals lost out to the Chicago Cubs, when the home team unlimbered a few howitzers in the hitting of Webb and Grimm. The former came through with two home runs, and Grimm crashed out another. The score was 10 to 1.

RUTH LEFT BEHIND

Babe Ruth was left behind in the heavy hitting parade when he could not get his eye on the ball as the Yankees met and defeated the Athletics at Yankee Stadium. He struck out twice and was benched in the sixth for a pinch hitter, Raschel, who batted for him, contributed a single.

In the same game Ty Cobb appeared and showed the fans some of the base-running that made him famous. He beat out a bunt, and to third by a hair with a hook sidearm later scored. The Yankees beat the Athletics 8-3 before a record opening crowd of 72,000. "Lefty" Grove, Connie Mack's speed king, was badly hammered by the Yanks.

It was a bad day for pitchers. Old Jess Petty pitched good ball for Brooklyn at Boston, and the Braves lost 6-2. Petty held them hitless until the sixth inning, and allowed only seven blows in the game.

Waite Hoyt of the Yankees turned back the Athletics with eight hits.

WALT JOHNSON ABSENT

The familiar figure of Walter Johnson was not in the box at Washington as the Senators downed the Red Sox 5-2 before the inning, and allowed only seven blows in the game.

Mr. Speaker, playing his first game in a Washington uniform, had the honor of catching the president's opening throw.

Clayton Kershaw, who led the American pitchers last year with twenty-seven victories, started off the day with another win, defeating the Chicago White Sox 3 to 2. Uhl was his own game, driving in Cleveland's first with a single, and then coming through in the ninth with a double that brought in the winning run.

He was wild, passing seven men and hitting one, but in the pinches he tightened. He allowed only six hits, and Chicago had fourteen men left on bases.

The Detroit game, postponed because of rain, was postponed because of rain.

The Pittsburgh Pirates scored two runs in their first inning at Cincinnati, and that was all they needed, the Reds failing to do better than one. Hargrave made the sole run for Cincinnati in the first on an error.

FINE WIN FOR BROOKLYN

The Borough of Homes and Churches gained an initial advantage at Boston, where the Brooklyn Robins licked the Braves 6 to 2. Harvey Hendrick and Max Carey figured in the batting rallies which clinched Brooklyn's victory. Bob Smith, starting on the slab for Boston, failed to survive the first inning. Morridge, who replaced him, fanned nine batters, but was nicked for three runs in the seventh, two of which came home on a double by Hargrave.

Grover Alexander, the Cardinals' iron man, fared not so well at Chicago, and was forced out of the game in the third by the Cubs' heavy hitting. Five runners crossing the plate in this inning.

A total attendance of approximately 230,000 was registered in the seven games played. Last year's mark for eight games was 214,000.

AMERICAN LEAGUE

At Washington—R. H. E. Boston 2 11 2 Washington 2 7 1 Cincinnati 1 6 2 Batteries—Kremer and Smith; Donohue, Lucas and Hargrave.

AT SEATTLE—LUCAS LEAGUE

Seattle R. H. E. Seattle 3 9 2 Batteries—Pillette and Walters; Graham, Brandt and Schmidt.

At San Francisco—R. H. E. Sacramento 3 1 1 San Francisco 12 17 3 Batteries—Vincent and Severide; May and Vargas.

At Los Angeles—R. H. E. Oakland 5 1 1 Los Angeles 6 6 2 Batteries—Hasty, Cooper, Craghead and Bee; Wright and Harnah. Portland-Hollywood, traveling.

New York, April 13.—Six of the eight international league clubs will swing into action to-day with the champion Toronto Leafs invading Jersey City. Syracuse and Baltimore will delay their opening one day at Oriole Park on Thursday.

Revelstoke Wonders Will Play College For Title Saturday

Intermediate "A" Championship Game Here is of Un-usual Interest

Definite word has been received that the final for the Intermediate "A" men's open championship of the Province will be staged on Saturday night at the Y.M.C.A. between the Victoria College and Revelstoke.

Revelstoke have one of the finest teams that the Province has ever developed in the intermediate "A" division and have caused great havoc among the teams in the Interior. They have even gone so far as to defeat the Kamloops Senior "A" team which won the senior "A" championship of the Province on their own floor. This gives some idea of the class of this team. As a result of the game should warrant good patronage on the part of the fans as Victoria is very fortunate in having such a team play here.

Great credit is due the Victoria College for the way they have gone through the Provincial series so far. The fans that attended last Saturday's game at the Memorial Hall witnessed a few heatless games of the biggest crowds of the season is looked for.

Reserved seats will be put on sale to-morrow at the Y.M.C.A.

TILDEN EASY WINNER

Pinehurst, N.C., April 13.—Wm. T. Tilden II of Philadelphia defeated J. P. Stockton of Farmington, Conn., 6-2 in the final round of one of the feature matches of the North and South tennis tournament.

At Cincinnati—R. H. E. Pittsburgh 2 7 1 Cincinnati 1 6 2 Batteries—Kremer and Smith; Donohue, Lucas and Hargrave.

AT SEATTLE—LUCAS LEAGUE

Seattle R. H. E. Seattle 3 9 2 Batteries—Pillette and Walters; Graham, Brandt and Schmidt.

At San Francisco—R. H. E. Sacramento 3 1 1 San Francisco 12 17 3 Batteries—Vincent and Severide; May and Vargas.

At Los Angeles—R. H. E. Oakland 5 1 1 Los Angeles 6 6 2 Batteries—Hasty, Cooper, Craghead and Bee; Wright and Harnah. Portland-Hollywood, traveling.

New York, April 13.—Six of the eight international league clubs will swing into action to-day with the champion Toronto Leafs invading Jersey City. Syracuse and Baltimore will delay their opening one day at Oriole Park on Thursday.

"HAIR-GROOM"

Keeps Hair Combed, Glossy Well-Groomed all Day

"Hair-Groom" is a dignified combing cream which costs only a few cents a jar at any drugstore. Millions use it because it gives that natural gloss and well-groomed effect to the hair.

A light touch to good dress both in business and on social occasions. Even stubborn, curly or shaggy hair stays combed all day in any style you like. "Hair-Groom" is greaseless; also helps grow thick, heavy, lustrous hair.

Suffered Constantly from Backache

Gin Pills Recommended

Immediate Relief

If your back aches with a dull, sore pain, or if you have had backaches, then your kidneys are certainly affected. You need Gin Pills. They go right to the kidneys and soothe the inflamed tubules. They restore them to normal and the impurities of the blood stream are again filtered from the system. Mrs. J. Reid of Vancouver writes:

"Just a word of thanks for the good I have derived from the use of Gin Pills. For years I suffered constantly from backache, in fact I was almost an invalid, couldn't do my own house work. Gin Pills were recommended to me by a friend. I started using them and obtained almost immediate relief and I am glad to say I can now do my own house work. Thanks to Gin Pills, I must gladly recommend them to anyone suffering from kidney trouble."

Gin Pills are the universal remedy for backache and kidney trouble and are sold everywhere at 50c a box. National Drug & Chemical Co., of Canada, Limited, Toronto, Canada.

CANTONESE SUCCESS IN CHINA PREDICTED

Dr. Charles K. Edmunds,
Back From Orient, Expresses
Opinions in Seattle

Seattle, April 13.—Belief that the Nationalist movement will ultimately prevail and that a "government of the people" will be established in China was expressed here yesterday by Dr. Charles K. Edmunds, for seventeen years president of Canton Christian College, now Lingnan University.

Dr. Edmunds resigned as provost of Johns Hopkins University last November, and went to China to organize Lingnan University. He returned here on Monday.

"My impression of the Nationalist Government in China," he told the members of the China Club, "as I have seen it at Canton, Hankow, Nanking and Shanghai, is that the leaders have a programme on which they are working in a business-like fashion. On the other hand, their task is so enormous and complicated, and they have ventured to employ such turbulent agencies to attain their ends, that a grave doubt arises as to their stability—although there can be no question that ultimately a government of the people will be established throughout China."

PROGRESSIVE MEASURES
"Where the Nationalist Government is in full control and under the dominance of Conservative leaders, however, there is quiet and progressive administration—as at Canton, for instance. Much as we regret the labor disturbances and the turbulent demonstrations against foreign forces in China, we should realize the Western powers, by their delays in responding to new conditions in China, have themselves taught the Chinese the only way to get what they want or even what has already been promised them is by creating a howl and a disturbance."

CANTON PARADE CANCELLED
Canton, April 13.—A Red parade to have been held here to-day was called off because of repression measures by the Government. Anti-Red propaganda is appearing everywhere. The situation is temporarily quiet.

Langford

Langford, April 13.—The new rector, the Rev. H. B. Allen, presided over a vestry meeting held in St. Matthew's Church on Monday night. Geoffrey Heal was re-elected people's warden, the rector preferring to wait before appointing his warden. The members of the St. Matthew's Ladies' Guild were heartily thanked for their past generous help towards the church expenses, and for paying the fire insurance for the next three years.

It was decided to reintroduce the envelope system of collections. Mrs. J. Stuart Yates offered to act as envelope secretary. The rector explained his views and expressed his hope that a community spirit of goodwill would prevail during his term of office. After further business and discussions the church committee was appointed as follows: Rev. H. B. Allen and G. Heal (people's warden), ex-officio; Mr. and Mrs. G. Phipps, Mr. and Mrs. H. A. Hincks, Mrs. H. B. Allen, Mrs. J. S. Yates, Mrs. H. Simpson, Mrs. E. Goucher, Miss Nellie Wilson and D. B. F. Bullen.

Mr. and Mrs. Charles R. Long of Victoria have come to spend the summer in Langford on the Goldstream Road.

Mrs. J. M. Ritchie of Goldstream Road has left to visit friends in Vancouver, Kelowna and Blairmore.

A service will be held in St. Matthew's Church, Goldstream, on Good Friday morning at 10, consisting of the Litany, ante-communion and a short address by the rector, the Rev. H. B. Allen.

Two Deaths in New Gang Warfare In Philadelphia

Philadelphia, April 13.—An outbreak of gang warfare here, the second within a few weeks, early today took the lives of two men. Edwin Callahan, thirty-four, was riddled with bullets from a "pump gun" as he stood on the running board of a speeding automobile about to fire at four pursuers in another machine. The second victim, unidentified, was found propped against the entrance of a hotel and died a short time later from the effects of heavy blows on the head.

ASK ALL TO SHARE IN MARKING BIRTH OF CANADIAN UNITY

B.C. Should Not be Surpassed
By Any Province, Government
Tells Municipalities

Every public and patriotic organization in British Columbia is being asked by the Provincial Government to co-operate in making a success of this Province's Diamond Jubilee celebration on July 1. The objects of this celebration and plans for making it impressive are outlined in a letter which the Government is sending out to municipal authorities all over the Province now as follows:

"In connection with the Dominion-wide celebration of the Diamond Jubilee of Confederation on July 1 next, it is most desirable that the day should be celebrated with ceremonies becoming the occasion, and that every community, no matter how small, will share in the universal rejoicing that will mark a historic epoch in the history of our beloved Dominion."

APPOINT COMMITTEE
"By an act passed by the House of Commons on February 17 last there was incorporated a national committee for an effective celebration of the sixtieth anniversary of the formation of the Dominion of Canada. British Columbia representatives on this committee are: His Honor R. Randolph Bruce, Lieutenant-Governor; the Hon. John Oliver, Premier; the Hon. J. H. King, the Hon. Hewitt Bostock, the Hon. H. H. Stevens and Lieutenant-General Sir Percy Lake, K.C.B. The act provided also for the appointment of an executive committee and allocated the sum of \$250,000 for the purposes of the committee. Information received from Ottawa expressly states, however, that none of this money will be available for local celebrations, but that it will be chiefly expended in the distribution of medals, coins and a commemorative issue of stamps, or such other direction as the executive committee decides."

"The general idea of the national executive committee is that each locality will organize its own celebration, keeping in mind the educational and patriotic features, and that the national executive committee will not only through the provincial governments."

"For your information we reproduce herewith letter from the Hon. G. P. Graham, chairman of the executive committee, addressed to the Hon. Premier Oliver:

Ottawa, March 22, 1927.
"Dear Mr. Oliver:—At the first regular meeting of the executive committee of the national committee held in Ottawa on Saturday, March 19, it was decided that the chief function of the committee was to promote a national celebration of the sixtieth year of Confederation which occurs on July 1, and that the organization of provincial and municipal celebrations should be arranged by the authorities of the various provinces. In view of this, it was felt that the co-operation of the provinces should be immediately sought, in the hope that each one will appoint a provincial committee along the same general lines as the national committee. A copy of the Dominion act incorporating the national committee is attached hereto."

LOCAL CELEBRATIONS
"The executive committee, to which has been allotted the task of giving a lead in the Diamond Jubilee of Confederation, are convinced, that the form of local celebration must be left to the various communities of Canada."

"In every programme there should be a clear, strong, dominant note of patriotism that will inspire confidence in, love for, and devotion to our country. An impression should be left on the minds and in the hearts of all who call Canada 'home' that will tend to quicken the national soul and encourage the development of a robust, self-reliant national spirit, without which no country can ever attain real greatness."

"As the provincial governments possess the machinery through which municipalities and schools can be reached, this committee would humbly suggest that without delay steps be taken by said governments to interest every community and every school in their respective provinces so that in this Diamond Jubilee Celebration all will be given an opportunity to express in united voice their fervent belief in Canada. The committee takes it for granted that the capital city of each province will be the scene of a celebration worthy of the people and the province."

"The executive committee, with all possible speed, will take into consideration the various suggestions that are coming to hand regarding postage stamps, memorials, medals, etc. In the meantime, there should be no delay in putting in motion the machinery requisite to bring about the results."

"Yours sincerely,
"GEO. P. GRAHAM,
"Chairman Executive Committee."

WANT BIG CELEBRATION
"May we respectfully ask that you take the necessary steps towards staging a celebration in your locality commensurate with the historic significance of the occasion, so that British Columbia may not be surpassed by any of the provinces in her contribution towards the national thanksgiving on July 1."

"All city councils, municipalities and boards of school trustees are urged in making their arrangements to co-operate to the utmost with other bodies in their districts, such as boards of trade, service clubs, churches, the local posts of Native Sons and Daughters of Canada and British Columbia, returned soldiers and patriotic organizations, so as to achieve complete unity and harmony and make the celebrations all the more representative and impressive."

"If further information or advice is desired, please address communication to John Hoyle, Provincial Librarian and Archivist, Parliament Buildings, Victoria."

CONVENTIONS FLOCK TO CITY NEXT WEEK

Shatter All Records For
Spring Convention Activity;
One Day Average

Establishing a new record for Spring conventions to be held here in a week, no less than six different organizations come to hold session in this city during the seven days from April 18-25. A busier week of conventions Victoria has probably never known.

Starting on Monday next, the British Columbia Teachers' Federation goes into session for four days, and on the same day the fifteenth annual meeting of the Graduate Nurses' Association of B.C. will commence at the Empress Hotel.

Over 200 delegates from mainland centres and up-island points, and from Washington and Oregon as well, will come here to attend the annual convention of the B.C. Dental

Association on Thursday. Dr. W. N. Gunning of Victoria will preside over the gathering. The convention is being conducted under the auspices of the Victoria Dental Society. There is a broad programme of work and lectures before the convention.

The Victoria Musical Festival will occupy three days of the week with its lengthy programme which promises to be a great success.

The Provincial Chapter, I.O.E., is to go into its fourteenth annual session at the Alexandra House on April 21. This will be preceded by an executive assembly on April 20. The Provincial Women's Mission-

ary Society of the Presbyterian Church in Canada will hold its annual meeting here, commencing April 23. This is to be a three-day convention.

J. J. McGEE FUNERAL

Ottawa, April 13.—Citizens representative of every phase of the capital's life were present yesterday at the funeral of the late John J. McGee, veteran citizen of Ottawa, former civil servant and a link with Confederation in that he was the

youngest brother of D'Arcy McGee, a Father of Confederation.

The Market Place

SPACE, the last frontier, is being conquered by the telephone. At the time of Confederation, Canada's communication within her borders and with the markets of the world was arduous and slow... News and the stuffs of commerce travelled slowly... To traverse Canada was high adventure.

In 1870, just three years after Confederation, Dr. Alexander Graham Bell, whose life had been despaired of by his physicians, went to Brantford, Ontario, to die. Fortunately he was spared, not only to initiate the movement of the transmission of speech by electricity but to see his invention improved and perfected until it became one of the greatest factors in the social and business life of the world.

The first time that transmitting and receiving instruments were placed miles apart and speech successfully transmitted was on August 10th, 1876, nine years after

Confederation. The transmitter was in Brantford, the receiving instrument in Paris, Ontario. Various persons spoke and sang into the transmitter and were heard by Dr. Bell through the receiving instrument.

Today the telephone in home and office permits conversation with friends and associates half the world away. It is the new world market place. More than 1,000,000 telephones are in use in Canada. They provide opportunity quickly to exchange good wishes, news of commercial or social import and to keep in touch constantly with the world.

The Northern Electric Company is proud of its share in this development which links the provinces more closely together. The industrial and political significance of this nearness is tremendous because it is productive of increased national progress and goodwill.

Information

The contributions of Saskatchewan to the wealth, resources and prestige of united Canada will appear in the press throughout the Dominion during May.

EXTRA!! CAR OWNERS DISCOVER WHY SO MANY DEALERS SELL SILVERTOWNS

"Why SILVERTOWNS?" asked the car owner of a veteran tire dealer.

"Well," said this experienced tire man, "I've sold all kinds of tires—repaired them, vulcanized them, driven on them, seen them under all conditions—and I know SILVERTOWNS have the toughest kind of wear and the longest trouble-free mileage built right in them."

"I've learned that when I sell a man a SILVERTOWN I'll win his friendship. That's why my business keeps growing."

Remember, before you buy that next tire—the same money buys SILVERTOWNS.

Senate Defeats Proposed Change in Deportation Law

Ottawa, April 12.—Bills passed by the Commons amending the Criminal Code and Immigration Acts to repeal clauses inserted in 1919 which authorized deportation without trial for sedition were defeated in the Senate yesterday.

Senator Dandurand, Government leader, introducing the bills, said the amendments of 1919 were considered a blot on the statute books.

"I think we could give an example

of the confidence we have in the common sense of our population by wiping out these two sections," he said.

The Minister of Justice, he said, had ample means of knowing of the activities of those who preached sedition in this country.

Senator McMeane, Conservative, Manitoba, said no one had suffered under the acts of 1919 and they placed no hardship on honest newcomers to Canada who came to earn a living. Surely the country had the right to deport undesirable who came with nefarious purposes. Doctrines which would overthrow the Government were openly taught in Canada to-day, he said.

The amendment to the Criminal Code was defeated by thirteen votes to twenty-one, and the amendment to the Immigration Act was lost by ten votes to twenty-eight. This leaves the legislation of 1919 respecting deportation on the statute books.

The bill creating the Federal District Commission to take the place of the Ottawa Improvement Commission was given third reading yesterday by the Senate.

MOORE-NICHOLSON
HEARING NEXT WEEK
IN VANCOUVER CITY

Vancouver, April 12.—With twelve witnesses still to be called by the prosecution, the preliminary hearing in police court here of the charge of murder against R. T. Moore and Angus Nicholson, advertising men in connection with the death of Marshall Douglas, publicity expert, a week ago, was adjourned yesterday afternoon until next Tuesday. The body of Douglas was found in a downtown hotel room.

Copenhagen, April 12.—King Christian and Queen Alexandra had a narrow escape last night when a sleeping car was derailed as it was leaving a ferry connecting the islands of Zealand and Funen. The King and Queen, en route to their seaside villa on the northern end of Jutland, were asleep when the car left the rails. King Christian was hurried out of his berth.

NO SAANICH SPLIT NOW, TORY MEMBER TELLS FOLLOWERS

All is Harmony, Says Coventry; Hinchliffe Sees No Tax Reductions Here

All is harmony within the Conservative ranks of Saanich, T. G. Coventry, member of the Legislature for that riding, assured his followers at a meeting of the Saanich Conservative Association last night.

"Saanich," Mr. Coventry said, "is living up to the Kamloops spirit." He added that he had just received a letter from Hon. S. P. Toole, member of Parliament for Victoria, who is in Ottawa, and who expressed appreciation of the Saanich member's work in organizing his constituency.

"Keep up the spirit of Kamloops," was the party leader's admonition to his followers here, Mr. Coventry said.

During the evening the meeting passed a vote of confidence in Mr. Coventry.

NO TAX CUTS

"May we be saved from any further liberal reduction in taxation in this Province?" exclaimed Joshua Hinchliffe, Conservative member of the Legislature for Victoria. Taxation was rearranged in the Government's last budget but by no stretch of the imagination could it be said to have been reduced, Mr. Hinchliffe asserted. The facts were that the Government was estimating this year to raise a total of \$19,700,000 as against \$18,500,000 last year. The total burden, he contended, was thus greater now than formerly. Taxation had been reduced in some places, he explained, but in other directions increases had been ordered with a net increase.

SAME MAN PAYS

"The same man pays the taxes in British Columbia all the time," he added. "And the man who pays the taxes all the time is the man who works for a wage and who cannot pass the tax to anyone else. This year the Government proposes to make that man pay \$1,200,000 more than he paid last year."

PENSION LAW POOR

A broader and better old-age pension law was forecast by Mr. Hinchliffe in the event of the election of a Conservative Government here. Meanwhile Conservatives in the Legislature had supported the Government's legislation as to establish the principle of pensions, even though the measure itself was unsatisfactory, he explained.

Colonel A. W. Woods, who presided, criticized the present old-age pension legislation as not adequate to take care of the needs of returned soldiers.

A social committee named by the meeting to handle social activities consists of Mrs. F. Osborne, Mrs. A. H. Spurr, Mrs. T. R. Rice, and A. H. Spurr, A. R. Sherwood and J. M. Paterson. Mrs. S. Bowden, Miss Spence and E. Blair provided a programme of entertainment during the evening and dancing followed.

Telegraph Briefs

Chicago, April 12.—If the latest dictum of the dentists is accepted by the public, a new excuse for rejecting a dinner engagement may be "I'm very sorry, but I simply cannot go. My evening teeth haven't come yet." Dr. S. N. Weaver of Cleveland, Ohio, in an address before the alumni association of the Dental Department of Loyola University yesterday declared wearers of false teeth should have several sets for different occasions.

Pittsburgh, April 12.—The wording of Pittsburgh divorce decrees has been changed because the common pleas judges felt the old form contained propaganda for re-marriage. The judges struck out the words informing the interested parties they are "at liberty to marry again in

like manner as if they had never been married."

Coudersport, Pa., April 12.—An emergency hospital for injured wild game has been established by the game protector and state trapper of Potter County. Their first two patients were a year-old bear wounded by a hunter and a racoon blinded from some undetermined cause.

Seattle, April 12.—Reluctance to pay physicians' bills has been found to be more prevalent among city dwellers than among rural residents. Dr. William A. Taylor of Ellensburg, told the Pacific Northwest members of the American College of Surgeons here yesterday.

Belleville, Ont., April 12.—Triplets, two boys and one girl, were born to Mrs. William Rushlow here yesterday. The mother and children are doing well.

Quebec, April 12.—Premier Taschereau received notification from Paris to-day confirming the report of a few days ago that the French government had honored him with the rank of Commander of the Legion of Honor. At the same time it was officially announced Hon. L. A. David Provincial Secretary, had been made an officer in the Legion.

Ottawa, April 12.—A bill to extend the powers of the Railway Commission to inquire into the affairs of companies in cases where the parent company comes under the jurisdiction of the board was introduced in the House of Commons yesterday by Lieut.-Col. R. Geary, Conservative, Toronto South, and given first reading. Col. Geary said his bill applied to companies operating telephones and telegraph lines.

Budapest, April 12.—Hungary wants the heart of the late Emperor Charles IV. of Austria-Hungary brought to his former kingdom. The mayor of Stuhlweissenburg has asked Emperor Zita to sanction the return of the heart, which surgeons removed and which is at Lequitan in Spain. It is proposed to put it in the cathedral of Stuhlweissenburg so the heart of Hungary's last king may rest with the bodies of the first Magyar rulers.

Shanghai, April 12.—Chinese secretaries of the Y.M.C.A. at Changsha, Chungking and Ichang are reported to have been arrested and beaten by members of the Red Cantonese labor unions. Y.M.C.A. officials here have received partial confirmation in a dispatch from Changsha saying several secretaries there were seized and are still missing. Local Y.M.C.A. officials have sent an investigator. The Reds are said to have seized the Y.M.C.A. building in Changsha, and converted it to their own use.

Saskatoon, April 12.—Settlement for \$10,500 and costs has been effected in a suit for \$25,000 brought by Mrs. John Kirkpatrick, widow of a Sutherland railway engineer, against the C.P.R. It was announced in court yesterday by Stewart McKecher, counsel for Mrs. Kirkpatrick, that a settlement had been reached. Kirkpatrick was killed May 9, 1925, when the engine he was operating overturned.

London, Ont., April 12.—The body of Charles Edward Anderson, aged resident of this city, was buried yesterday in a coffin he had made with his own hands many years ago. Anderson, who died Sunday, had engraved on the plat his name and date of his birth. To this was added the date of his death. In addition to his own coffin, he also made one for his wife, who survives him. In the bottom of each casket, a moss mattress and woolen blankets were placed.

Ottawa, April 12.—The banking and commerce committee of the Senate yesterday reported a bill incorporating the Premier Guarantee and Accident Insurance Company of Canada. Under the bill the company, with its head office at Toronto, will be capitalized at \$1,000,000.

New York, April 12.—Edward

No More Indigestion After Mrs. Monette Took "Fruit-a-tives"

MRS. O. MONETTE

There's comfort for all who suffer from indigestion in this grateful note written by Mrs. Omer Monette, Montreal: "I hardly dared take 'Fruit-a-tives' fearing my dyspepsia wouldn't vanish." Mrs. Monette frankly confesses, "but finally took two boxes. Now I eat well and recommend 'Fruit-a-tives' to all my friends as the best remedy for dyspepsia." Mrs. Monette expresses the sentiment of thousands of people whose digestions came quickly back to a normal under the healing influence of "Fruit-a-tives."

This wonderful medicine is a combination of intensified fresh fruit juices and tonics. Indigestion and biliousness often are due merely to lazy bowels, liver and kidneys. "Fruit-a-tives" overcomes these conditions gently and naturally. Get a box from your druggist or see Relish your food again as Mrs. Monette does. (Adv.)

DANDURAND SPEAKS CANADA'S DEFENCES

Replies to Remarks of Griesbach in Discussion in Senate

Ottawa, April 12.—Senator Dandurand, Government leader, speaking in the Senate yesterday, took exception to a previous speech by Senator W. A. Griesbach, Conservative, Alberta, regarding Canada's defence policy. Senator Dandurand declared Canada was not dependent on Australia for its defence and he resented the accusation that Canadians were sponging on others for defence or protection. At the peace conference Canada had undertaken to reduce armaments.

Referring to the Imperial Conference, Senator Dandurand said all British statesmen had recognized Canada's autonomy. The report of the conference proclaimed the general principle of equality.

As to the extent to which it was proposed to act upon the report of the conference, Senator Dandurand said: "As the representatives of Canada were parties to the report of the Imperial Conference of 1926, the Government will continue to acquiesce in and assist in carrying out its provisions with the understanding that all the actions of the Government will be subject to review by Parliament."

Pender Island

Pender Island, April 12.—Mr. and

Make Light of Spring Cleaning!

Let double action do your work quickly, easily, thoroughly!

DOUBLE ACTION is just what its name implies. It means two actions going at the same moment. It means double energy—double speed. And that's the way the Premier Duplex works.

Its motor-driven brush is busy whisking up threads, and freeing grit at the same time that its strong suction is bagging threads—grit—all the dirt! And even the heavy cleaning you do in the spring becomes light and easy with double action to help you.

The Premier Duplex is efficient day in—day out. You never have to stop to oil it. It has ball bearings in both motor and brush. They keep it lubricated and protect it through long years of daily service.

Then—start this spring. Make your cleaning easier. More thorough. Cut down your cleaning hours. Get a Premier Duplex!

Mrs. Lawrence Auchterlonie arrived on the island last week to take over their farm at Hope Bay.

Robin MacDonald returned to Vancouver last Thursday after spending the past three months here.

Mrs. J. F. Small of Victoria spent a couple of days with her daughter, Miss Jean Small, last week.

Local daffodils are being shipped to Edmonton now.

Messrs. Tyner and Dansey are moving their clam-shell outfit from Browning Harbor to Portland Island this week, where they have located a good quality shell.

Mr. and Mrs. B. Conery and family have moved into the Steers' property on Bedwell Harbor.

Owing to indifferent health, Miss Jean Small, principal of the local school, is obliged to relinquish her position for the time being, and

much regret is expressed at her departure.

Rev. J. K. Unsworth and Mrs. Unsworth are spending a few days in town this week.

Services are being held in the United Church on Good Friday at 10.30 a.m.

Mrs. Wm. Mollison has recovered sufficiently from her recent illness to be able to return home.

LAILA

A Tale of the Days of Christ, by John Newport
(Copyright, 1925, by Eugene MacLean)

He drew out a double handful of coins, and heaped them on his mantle. "I shall bring you meat and bread, and a sack in which to put the silver and the bronze." She was going out, but Antonius called her.

"Have the servant bring me a basin, with water and soap," he said. "She gave a sign to signify that she understood, and ran lightly out the door.

The quick darkness of Palestine fell. Inside the house was only velvet darkness. No stars shined through the clouds that covered the plain, and the doorway, to Antonius's eyes, was only a rectangle of a paler gloom than that which surrounded him.

He grew impatient at last. He cupped his hands over his mouth, and roared: "Ho, there!"

He waited, and called again. Straining his ears, he could hear distant voices, and he called a third time. "Come!" he shouted at the top of his voice. "Maryam—Jared—anybody!"

Lying back, he listened. The babble of voices was growing greater, but still was a distance away. Just as he was preparing to call again, a yellow light appeared in the door. It came from a shallow bronze lamp, in Maryam's hand.

The girl was crying bitterly.

"I heard your call, my lord," she said, "and I ask your pardon for having kept you waiting and hungry. Her voice was choked so he barely could understand her.

"I am famished," he declared. "But why do you weep?"

"My father," she said, sobbing. "It was my fault."

She set her lamp upon the floor, and sinking to her knees, hid her face in her mantle.

"What happened?" he asked.

"The officers of the law have come and taken him away—for theft!" she wailed.

"Your father? Nonsense! Your father never stole anything," he retorted, as if the girl had made an accusation.

She lifted her head, and in the flickering light he could see that her face was drawn and white. "It was because of those trays," she said. "He sold them in the market place—and an informer has told that they were stolen from the temple of Augustus in Samaria! So they have taken my father, to thrust him into prison."

Antonius sat bolt upright. "Omar left those trays here," he said. "They were his! Why doesn't your father tell them that they belonged to the Persian?"

Maryam spread her arms wide, helplessly. "Because they would then inquire how my father got them and he would have to say I brought them to him—and they would place me in prison, too! He whispered to me hastily to say nothing, as they were leading him away."

Antonius stared at her. "So he goes to prison to save you?"

"She bowed her head. "And Omar has gone," she wept.

The soldier made his familiar gesture of puzzlement, rubbing his hand across his scalp. "Then I saw nothing to eat!" he exclaimed, finally.

Maryam struggle to her feet, as if very weary. "My lord shall be fed," she said. "But it will be a little time, for my mother is collared, and the servants are wailing, and there is deep sorrow in my father's house."

"Whose officers were these?" Antonius asked.

"They are from the court of Herod," she said.

"But this Herod does not rule over Samaria," he answered, sharply. "Didn't you say the trays had come from the temple of Augustus?"

"I did," she responded, "but they said they were officers of Herod."

The soldier frowned thoughtfully. "A strange thing," he commented. "Why should Herod care what befalls in Samaria? But go and bring me food and drink, and I shall think it over."

Maryam left the lamp upon the ground, and the soldier lay, staring at it in deep meditation, until she returned with a servant at her heels. Antonius watched the girl and her follower with satisfaction as they set out their dishes of stewed flesh, and bread and figs and milk. Maryam was going, but he called her back, talking with his mouth stuffed.

"If these indeed were officers from Herod," he said, thickly, "I would gladly draw a little of their blood with my sword." He swallowed, and resumed: "I do not desire this little tyrant. But something may befall you in the night. Are you afraid?"

"I am afraid," she said.

"Then tell your mother and your servants to come here, and sleep, all of you, in the rear of this room," Antonius said. "Move my bed to

the door. Even if my leg is broken—I am a soldier of Caesar, and shall lie down." He laughed at his trifling witticism. "No officer shall go past me, for I shall remain awake."

The girl thanked him with deep feeling. Leaving the servant behind to attend the soldier at his meal, she sped back to her home.

A little later her mother, still wailing, followed by the maid-servants, came to the rear wall. The attendants bore a great heap of bed clothing, which they spread upon the ground. At Antonius's command, they shifted the bed to the door, so that he lay with his left side toward it. They, still weeping, they wrapped themselves in their covers, and settled upon the hard floor, close to the rear wall.

A gentle rain began to fall, after the last of them, save Antonius, dropped off to sleep. The soldier, wide-eyed, his naked sword in his hand, sat upright, his back supported by cushions.

It was well past midnight when a dark figure moved into view, in the doorway, and stood, tall and ominous, peering into the pitch-dark room.

CHAPTER XXIV

Antonius's powerful arm swung upward, his hand gripping the sword. "If you move, you die!" he thundered.

Behind him the other occupants of the room started awake, gasping.

The figure in the doorway spread its arms.

"Peace be with you." It was a deep, quiet voice. "I am Aaron, the shepherd, and I come as a friend."

The soldier dropped his arm. A sigh of relief arose from the women and the two men-servants in the dark interior of the house.

"I bring news of Jared," continued the shepherd.

He stepped into the room. "Who are these people whom I see behind you," he asked.

"Jared's family and servants," Antonius said.

The occupants of the house could see Aaron, dimly, as he leaned upon his long staff.

(To be continued.)

BEDTIME STORY

Uncle Wiggily and Wumple's Sandwich

Copyright, 1927, by McClure Newspaper Syndicate.
By HOWARD R. GARIS

"Uncle Wiggily will you come with me, please, on a picnic?" Wumple Wiggles, the little yellow wooden boy, looked up at Mr. Longears one morning, just as the rabbit gentleman was about to hop away from the bungalow to go adventuring.

"What did you say?" inquired the rabbit, whose big ears were turned toward the bushes, listening for any noise which might be made by a fox or wolf.

"I said would you please come on a picnic with me?" went on Wumple. "I've got a fine sandwich we can eat for our lunch."

"But I say—look here now—I like picnics and sandwiches and the like of that!" said Uncle Wiggily, "but how is it you are out of school in the middle of the day, Wumple?"

"The lady mouse teacher let me come home early because I knew all my lessons," Wumple answered. "I

had a sandwich for my recess lunch but I saved it for you and me to eat on the picnic. You'll come, won't you, please?"

Wumple looked anxiously at Uncle Wiggily and pulled out his yellow tail, putting it in again upside down. I mean Wumple pulled out his own tail, not Uncle Wiggily's. For the rabbit's tail didn't come loose, though Wumple's did.

"Why, yes, I'll go picnicking with you," offered Uncle Wiggily. "But do you think one sandwich will be enough for both of us?"

"Oh, yes," answered Wumple. "It is a large, thick sandwich, and he pointed to a package he carried slung around his neck by a piece of honeysuckle vine. The package was wrapped in white birch bark.

"Ah, that looks good!" explained Uncle Wiggily, rubbing his paws. "That sandwich looks good!"

"It is good!" said Wumple. "It's a fine sandwich."

So the rabbit gentleman and the yellow Wiggles boy went on through the woods together. Mr. Longears looking for an adventure and Wumple looking for a good place to have a picnic and eat his sandwich. But adventures seemed to be few and far between that day. But Wumple saw many little nooks and dingy dens that seemed just made for picnics.

"Why not sit here and eat our sandwich, Uncle Wiggily?" asked Wumple when they had traveled on

about a mile. The Wiggles boy pointed his left front leg at a shady nook.

"Oh, let's go on a bit farther," said Mr. Longears.

Pretty soon they reached a bosky glen, with green moss and a babbling brook.

"Let's eat our sandwich here!" cried Wumple.

"Oh, keep on a little further," suggested Uncle Wiggily.

"I'm getting hungry!" sighed Wumple.

Not long after that they reached a tangled wildwood and the Wiggles boy exclaimed:

"Oh, this is the very place to eat."

"Yes, that's what I think, too," suddenly exclaimed a savage voice. Was that you, Uncle Wiggily?" asked Wumple.

"Oh, no," answered the rabbit gentleman. "I didn't speak."

"I did!" went on the savage voice. "I agreed with you that this was a good place to eat and I'm going to have my lunch right now!"

With that, out of the bushes leaped the Fuzzy Fox. He opened his mouth and his white teeth gleamed against his red tongue.

"Oh!" cried Uncle Wiggily.

"Oh!" shouted Wumple. The bunny started to hop away, but Wumple started to jump away, but the Fox made a leap, intending to

catch Mr. Longears by his pink nose. But the paws of the Fox slipped on a wet leaf and, instead of grabbing the rabbit, he grabbed the birch bark bundle that hung from Wumple's neck.

"Oh, he's got my lovely sandwich!" cried Wumple. The Fox has my sandwich!"

"Yes, and I'm going to eat your sandwich and then I'm going to have a rabbit pie!" howled the Fox. But all of a sudden, he began to splutter and cough and a sort of dust flew out of his mouth and nose and he dropped Wumple's sandwich on the ground and started to run away.

"That's a nice trick to play on a hungry Fox!" howled the had chap

as he slunk under the bushes. "Wah! Wool! Zoopie! Chuck Chuck!" and he spluttered again.

"What was in that sandwich of yours that made the Fox choke when he ate it?" asked Uncle Wiggily.

"Sawdust," answered Wumple. "My sandwich was a lovely one made of two pieces of wood with sawdust in between. It was a fine sandwich!"

"Well," said the rabbit with a laugh as he looked at the sawdust on the ground. "I'm glad the Fox bit into it before I did. I'll buy us some lollypop sandwiches at the six and seven cent store."

So he did, and he and Wumple had a fine picnic. And if the gas stove

will boil a snowball so the ice-box will have something to eat for lunch I'll tell you next about Uncle Wiggily's singing lesson.

Shanghai Municipal Council, which is the governing body of the International Settlement at Shanghai.

Mr. Feasenden predicts the present military struggle in China may continue for a number of years, depending on whether some powerful leader arises who can command the respect or fear of the Chinese people.

The economic disturbance may not abate for many years.

With regard to the defence of the foreign settlements at Shanghai, Mr. Feasenden said:

"Had not the British foreseen the situation and sent large numbers of troops, thousands of foreigners in Shanghai would have been massacred."

FIGHTING IN CHINA MAY LAST FOR YEARS, DECLARES OBSERVERS

Shanghai, April 13.—Foreigners may never fully regain the status they held in China before the present unrest started, in the opinion of Sterling Feasenden, chairman of the

How to Reduce Varicose Veins

Rub Gently and Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become despondent because they have been led to believe that there is no remedy that will help reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first class drug store and apply it night and morning as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Moore's Emerald Oil is a harmless, yet most powerful germicide and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic cases of Piles are often entirely absorbed and anyone who is disappointed with its use can have their money refunded. MacFarlane Drug Co. sells lots of it. (Adv.)

OUTLINE OF SCIENCE

TALYBIUS HERE AFTER FINE TRIP

Blue Funnel Liner Docked at 7 o'clock This Morning; Silk Shipment

Carrying a large silk shipment in addition to over 3,000 tons of cargo, the Blue Funnel liner Talybius, Capt. J. Davis, docked here this morning at 7 o'clock from Japan and China ports. The vessel made excellent time on the trip across the Pacific, enjoying fine weather throughout the voyage.

Cargo for Victoria was light, only twenty-seven-and-one-half tons being discharged. This included 500 bags of rice, and forty-seven packages of general. The vessel carried only thirteen bags of mail, nine of which were put off here.

The vessel carried a list of eighty-four passengers. There were twenty-nine Chinese for Victoria, one first class and fifty-one Chinese for disembarkation at Vancouver, and three firsts for Seattle.

CANADIAN ROVER TO ARRIVE FROM SOUTH TO-NIGHT

Ss. Canadian Rover, Capt. J. J. Flood, of the Canadian Government Merchant Marine service, will arrive at Ogden Point docks at 8 o'clock this evening, according to advices received by the local office. The vessel has about seventy-five tons of freight for discharge here.

CHINA REFUGEES ON WORLD CRUISER

Empress of Scotland Completes World Tour; Passenger Tells of Executions

New York, April 12.—Completing a cruise of over 30,000 miles during which the globe was completely circled, the Canadian Pacific Ss. Empress of Scotland docked here yesterday at 2 p.m. Four hundred passengers, who have been aboard during the four months' journey to the four corners of the earth, disembarked laden with every imaginable kind of souvenir from all countries. The Empress of Scotland carried back the first refugees to reach this port from China in the persons of Mrs. Melvin Southwick and her twelve-week-old baby, Mrs. Southwick, who is the wife of a Standard Oil Company official at Hankow, was forced through Chinese disorders to board a tramp steamer for Kobe. Here the Empress of Scotland picked her and her child up for the journey home. Another passenger intimately connected with the Chinese disorders was Charles Young of Kansas City. He was the first eyewitness account of wholesale executions in China. During the long cruise the Empress of Scotland has visited over twenty different countries and taken about twenty-six different world tours.

Lincoln Leaves With Large Cargo

Outbound for the Orient, the Dollar steamer President Lincoln, Capt. H. L. Jones, in the joint horsehoe service of the Dollar and American Mail lines, cleared from here last night at 8 o'clock. It was the first outward voyage of the vessel from this port in the new service.

The Lincoln took out a cargo of 1,600 tons including large shipments of automobiles, flour and bulk wheat. Mail totaled 2,880 bags, ninety-five of which were taken on here.

Her passenger list was 145, twenty-nine of which were cabin passengers. Mr. and Mrs. W. L. Bates were cabin passengers embarking here, and their steers also joined at this port.

Bermuda at Last To Have Railway

New York, April 12.—A single-track railway, twenty-four miles long and costing \$2,000,000 will be built on the island of Bermuda. Horse-drawn vehicles and boats have been the island's sole means of transportation since 1903 when automobiles were excluded. The railroad will be built for the Bermuda Railway, Ltd., by the Eastern Engineering Company of Brooklyn, August Nicoletti, head of that concern, said recently. The road will extend from Hamilton to St. George, with branch lines running from Avocado Lodge to Somerset and to Point Pleasant.

Seattle Station KOMO Arranges All-Night Broadcast

KOMO, Fisher's Blend Station Incorporated, Seattle, is completing plans for an elaborate programme for Saturday, April 16, starting with the early evening and continuing the entire night and terminating with the Sunrise Dawn Service from the Coliseum at Los Angeles, through arrangement with the National Broadcasting Company.

One of the objects of the programme will be to reach listeners in the Philippines, Australia and the Orient. The Radio Corporation of America's station, KZRM (400 meters) at Manila, P. I., will attempt to pick up the programme from KOMO and rebroadcast for listeners in the Orient.

Following the Saturday night review broadcast by the National Broadcasting Company through the orange network, KOMO will continue with a programme by its staff of vocalists and orchestra until 11 p.m.

From 11 to 2 a.m. the Seattle Lodge of Elks will stage a midnight programme in the interest of their annual Purple Bubble Ball. The first of this programme will feature members of the "Indians," Seattle's baseball team in the Pacific Coast League.

From 2 until 5 the programme will be of a religious nature, including an hour of pipe organ music and an hour of vocalists and orchestra. Following the Saturday night review broadcast by the National Broadcasting Company through the orange network, KOMO will continue with a programme by its staff of vocalists and orchestra until 11 p.m.

From 5 to 6.30 a.m. will be the Sunrise Dawn Service from Los Angeles, including pipe organ and a symphony orchestra as released by the National Broadcasting Company's orange network.

From 6.30 to 7.30 a.m. will be the Sunrise Dawn Service from Los Angeles, including pipe organ and a symphony orchestra as released by the National Broadcasting Company's orange network.

Just Drink "SALADA" TEA

Its superb flavour satisfies.

the Thursday morning service of Holy Communion at 8 o'clock, according to an announcement by the Christ Church authorities. The Thursday evening service and all services on Good Friday, including the children's service at 9.30 a.m., will also take place in Christ Church Cathedral.

PRISONER GIVEN LASHES

Calgary, April 13.—Thirty lashes and thirty-six months' imprisonment made up the sentence imposed yesterday by Police Magistrate Sanders on Alfred E. Anstie, who had pleaded guilty to three charges of corrupting children.

SERVICES WILL TAKE PLACE IN CATHEDRAL

The cathedral, and not the Memorial Hall chapel, will be used for

27 GERM DISEASES
that hands may carry
—just from touching things

This Purifying Toilet Soap

Removes Germs as well as Dirt

Tiny fingers . . . wee hands always busy . . . and always the danger that they may carry dreaded disease germs to eyes, nose or mouth. Or some little cut or scratch may bring infection.

Everywhere, it seems, lurk these elusive germs of disease.

Protection for all the Family

There is definite protection in the cleansing, purifying lather of Lifebuoy Soap.

For yourself, as for the wee ones, you won't find a better toilet soap than Lifebuoy . . . and the protection against germs is added benefit to you.

For the bath . . . for shampooing . . . for every toilet need, Lifebuoy Soap is efficient, safe and sure. Its mild, creamy, antiseptic lather goes down into the millions of tiny pores, cleanses them and lets the skin breathe . . . and Lifebuoy Soap costs no more than you are accustomed to pay for ordinary toilet soap.

JUNIOR CHAMBER AFTER NEW FERRY SERVICE LOCALLY

Committees Formed to Study Salt Spring Island Ferry and Other Matters

A special committee of the Chamber of Commerce, Junior Section, will follow up the suggestion made at the inaugural meeting of that body, when the need of a ferry service between Salt Spring Island and the Saanich Peninsula was advanced. The committee will gather all data relative to the project and lay it before transportation companies and others likely to be interested in the returns promised for such a venture.

Another committee has been struck to serve as a co-ordinating group between Southern Vancouver Island municipalities, to be known as the inter-municipal committee. Many of the members live in the municipalities surrounding Victoria, it is felt they will be able to bring special knowledge to bear on the questions affecting the progress of the whole.

A committee is also mooted to develop great pride in the city and its future, and will work for increased public confidence in what is being done and what can be done with the facilities at the disposal of Victoria.

A representative has been appointed to attend the joint gathering called to discuss what can be done for the case of destitute veterans of the world war.

GOODWIN DEFENCE FUND APPROACHES TOTAL REQUIRED

Committee Anxious to Raise \$540 to Complete Work Undertaken

The results of the efforts made on behalf of Philip Goodwin, whose appeal from conviction in a murder hearing is now before the southern courts, will be learned as soon as a decision is rendered by the Supreme Court of California. It is stated by the Defence Committee here. The committee is within \$540 of the sum required to complete the work it set out to do. In a statement issued last night the committee says:

"Approximately \$540 is required to meet the costs of the appeal to the Supreme Court of California for a new trial for Philip A. Goodwin, and the Goodwin Defence Committee is now resuming its efforts after a temporary suspension following the opening of the mayor's fund. Contributions to that fund total only \$13, and makes it necessary for the committee to raise the \$540 still required.

Subscriptions should be sent to the Canadian Bank of Commerce, The Colonist or The Times.

Additional subscriptions are: Previously acknowledged, \$5,176.95; Canadian Legion, River Glade, N.B., \$10; Canadian Legion, Minto, N.B., \$15; Canadian Legion, Jasper, Alta., \$11.50; A. F. Beasley, \$5; Canadian Legion, Sarnia, Ont. (third contribution), \$17.50; Canadian Legion, Sarnia, Ont. (third contribution), \$30; I.H.N., \$1; Mrs. George Stelly, \$2; Mrs. M. Taylor, \$5; Friend, \$1; A. Woman, \$1; A Friend, \$1. Total, \$5,241.16.

LOCAL ADVERTISER LEADS BIG FIELD

A. V. Clarke Wins Dominion-wide Competition With Fletcher Bros. Ads

A. Victor Clarke, manager of the Crawford-Harris Advertising Service for Victoria, has received the winner's purse in the Victor Orthographic advertising competition held recently throughout Canada. In his capacity as the man in charge of Fletcher Bros. advertising, Mr. Clarke placed a series of advertisements in local newspapers and after forwarding the clippings of each day's advertising to the headquarters of the Victor Talking Machine Company of Canada Limited, Montreal, was adjudged the best advertiser in the competition.

In competition with every city of Canada, Mr. Clarke showed his system and ability to be of high standard and value.

In the trade journal of the Victor Company, "His Master's Voice," the following article appeared:

"At Fletcher Brothers there is nothing haphazard about the way advertising is conducted. It is one of the biggest items of the store's business budget. James Fletcher, Frederic King, manager of the Victrola Department, and the advertising manager, A. V. Clarke, meet every morning to decide upon the most interesting message for the following day's advertising. Ideas are discussed and the outline of the best possible advertisement agreed upon. It takes time, but results prove that it is worth the effort."

"Another feature of Fletcher Brothers' newspaper advertising is that no space is ever purchased that is too small to get attention. Two columns by six inches deep is the daily minimum. It is felt that the ideal advertisement must have two qualifications—big enough to be seen and interesting enough to get action. Fletcher Brothers' advertising has appeared consistently in local newspapers since 1909—a period of twenty-eight years."

Happy Valley

Happy Valley, April 13.—A meeting of the Ladies' Aid to the Reformed Episcopal Church at Happy Valley will be held on Thursday at 3 p.m. at "Mandalay," the home of Mrs. R. Brown, Happy Valley.

MANITOBA MAN IS OFFERED POST AS FRUIT CONTROLLER

F. M. Black is Choice of Barrow and Growers For Chairmanship of New Board

Former Manitoba Treasurer Has Had Wide Business Experience in West

F. M. Black, former Provincial Treasurer of Manitoba and well-known Canadian business man, has been offered the chairmanship of the market control committee, which will handle the marketing of Okanagan fruit and vegetables under new Provincial legislation this year. In a telegram to the Department of Agriculture here

Hon. E. D. Barrow, Minister of Agriculture, announced that this important position had been offered to Mr. Black, following conferences of fruit-growers in Vernon Tuesday. EXPERIENCE IN B.C.

Mr. Black has had previous business experience in British Columbia, having come here with the Bank of B.C. in the nineties. Later he was in the agency business in Vancouver and then was engaged by the P. Burns Company in charge of its branch at Nelson. From this position he rose to the post of controller of the big meat organization at Calgary.

During the war he was appointed to the Alberta Fruit Marketing Commission and later joined the Grain Conservation Commission with which he rendered distinguished service.

ENTERED POLITICS

Moving to Manitoba Mr. Black entered provincial politics and was appointed Provincial Treasurer and Minister of Telephones and Telegraphs in 1922. While he resigned from the Government in 1925, Mr. Black still retains his seat of Rupert's Land in the Manitoba Legislature and is now in private business in Winnipeg.

Mr. Black is regarded by Mr. Barrow as an ideal man for the position of chairman of the board, which will largely determine the success or failure of the new fruit marketing scheme. His experience in business is wide and has brought him into close touch with marketing problems. While he is not a fruit expert, the

Quick Relief for Coughs

For Asthma and Hay Fever
Burn Potter's Asthma Powder and inhale the fumes. Never fails to bring prompt relief, even when all else has failed. 65c. per tin.

That cough that bothers you all day, and keeps you awake half the night—Bronchitis, Asthma, Hay Fever—any affection of the respiratory passages, can be speedily relieved by dissolving one or two Potter's Catarrh Pastilles in the mouth. Delicious to taste—try a tin to-day. 35c. at all druggists.

other two members of the board will knowledge necessary, it is thought ability is expected to put the market be able to supply all the technical and Mr. Black's proved organizing ing scheme on its feet.

Dominion ROYAL CORD Balloons

More
than Rubber

THERE is more to a tire than just rubber and its compounds. The Dominion Royal Cord Balloon Tire has character. It represents the fine reputation of a great company with unlimited resources. It obviously represents skilful workmanship.

The Dominion Royal Cord Balloons represent quality tires for quality people. Into these tires have been embodied care and thought and dollars that do not all show on the surface.

When a man sees "Dominion Royal Cord" on your tires, he recognises discrimination in your selection of tires.
